Then there was the big drought which burned our grass brown but which couldn't burn out our enthusiasm for the union of Central Vocational, Commercial, East, and Graphic Arts High Schools to form The New Central High School destined, we know, to become one of the great schools of our land.

Superintendent of Schools, Cincinnati.

Dedication

Because he saw a vision, a vision of a great school dedicated to the education of young people not only in the social studies, the humanities, and the natural sciences, but also in the skills of the crafts; and because he, more than any one individual, brought about the materialization of this vision so that the youth of Cincinnati shall have opportunity in greater abundance to develop their abilities to full stature, and to prepare for guiding their community and their nation in the first few decades of this new age in the march of our civilization the atomic age; we, the pupils of Central High School, dedicate this first edition of the Central High School PENDULUM to Dr. Claude V. Courter, Superintendent of the Cincinnati Public Schools.

THE BOARD OF EDUCATION

The pupils of Central High School salute the Board of Education of the City of Cincinnati. Indeed, we at Central High School have special reason to take pride in this and other recent local boards of education because of their favorable attitude toward the vocational and technical programs in the Cincinnati School System. However, the determination of the board to follow a program of vigorous expansion, as well as to maintain high scholastic standards throughout the entire system, has given this generation of all Cincinnati youth cause to take pride in our educational institutions and to be inspired with a confidence that the youth of the next generation will find even greater opportunity for growth and development in an atmosphere of equally pleasant surroundings and friendly guidance. It is of great comfort in this strife-ridden world to know that, at least at home, the time-proven verities are still valued and preserved. Because the school is so vitally a part of young people's lives, we are perhaps quicker to respond to its changing influences. We are, therefore, proud of our new school and thankful to the people who helped make it possible.

Mrs. Victor E. Cooper, Mr. Benjamin H. Siehl, Mr. Daniel Lawrence, Dr. Fred W. Heinold, President; Mr. Stanley G. McKie, Mr. Samuel P. Todd, Mr. Edwin G. Becker, Vice President.

DIRECTOR OF VOCATIONAL EDUCATION

MR. JOHN F. ARUNDEL

John F. Arundel was appointed Director of Vocational Education in February, 1918, to reorganize existing programs and promote vocational education under the Smith-Hughes Law. As a result, the plan of occupationally segregated vocational schools was accepted by the Board of Education and the superintendent.

Later, the Board acted favorably upon his recommendation that all vocational schools be designated as high schools and the teachers be placed upon the high school salary schedule. He also was instrumental in obtaining favorable Board action on a policy of college credit for industrial experiences—a policy included in all salary schedules since that time.

An important step forward for the pupils was taken later when Mr. Arundel obtained State Charters as First-Grade High Schools for the nine schools. This allowed pupils to obtain a diploma in two calendar years of forty-eight weeks each and to enter State-supported colleges.

During World War I, Mr. Arundel directed the training of 1,600 enlisted men. In World War II, the department cooperated in the War Production Worker Program. Under Public Law 346 over 4,500 GI's were trained in "On-the-Job" and registered apprentice programs.

Mr. Arundel truly has given his life to vocational education.

OUR PRINCIPAL

MR. CECIL O. TOWER

When Dr. Claude V. Courter sought to fill the principalship of the new Central High School he looked far and wide for the man. He returned home empty-handed only to find that man in his own office. When assigned the task of organizing and opening Central High School, Mr. Tower realized the magnitude of the task before him. The thoroughness, the diligence, the vigor and firmness with which he tackled his job soon won for him the respect and admiration of all who came in contact with him. Students, faculty, and other administrators alike have already recognized the progressive character of the leadership offered by Mr. Tower. We feel secure in the knowledge that a wise course has been set, a strong hand is at helm, and come test or tempest, we shall not falter.

Mr. Tower, before coming to Central, served as Assistant Principal at Western Hills High School for eight years and Research Director in the Central Office for seven years.

RUTH S. LAPE
Assistant Principal, In Charge of Pupil Personnel.

THOMAS W. PEIRANO
Assistant Principal, In Charge of Teacher Personnel.

OUR ASSISTANT PRINCIPALS

The Administrative set-up at Central includes two assistant principals—one in charge of faculty-affairs, the other concerned with student affairs. During the early months of operation, Mr. Peirano shouldered the great bulk of both burdens until East Vocational High School moved in in February and Mrs. Lape assumed the responsibilities of her office. Remember the moving days and the fun we had at the welcoming parties. The faculty joined in the "Welcome East" activities and we know that many old associations were renewed—and new ones made. The administrative staff also includes three counselors who were always ready to hear our problems and concern themselves with our personal needs. You could always borrow a willing ear here but, let's face it kids—sometimes some of us waited in line—by request.

AUGUST FRANECKI
Counselor for ninth and eleventh grade boys.

META K. HOWARD

THE COORDINATORS

One type of faculty personnel not found in the traditional high school is the coordinator. We feel that the students at Central are fortunate in having the services of this office. From the student's point of view, the function of the coordinator is one which eases very considerably the shock of that very critical time in our young lives when we are called upon to face the world of stern reality for the first time. They secure our first jobs for us, they instruct us in on-the-job conduct, in personal relations with out supervisors, and in many other phases of employee-employer relationships which can spell the difference between success or failure. By the time our senior year is over and our co-op jobs terminated, we are no longer novices at this business of getting on in society.

Each trade taught at Central has its coordinator who is well acquainted with the companies locally engaged in his trade. His knowledge of the trade and the people engaged in it provides an invaluable source of information and contact for each student who seeks to make that trade his avocation. The coordinator eases the way for the youthful aspirant, who, because of his inexperience and lack of personal contact, might otherwise find entry into his chosen field difficult if not impossible.

In fact, the entire Central faculty represents many years of industrial and educational experience. In a school engaged mainly in terminal education, this is an ideal situation. Our students have learned to draw heavily upon the experience of our faculty and the reward in practical achievement is sometimes not fully appreciated until later years.

Because of our youth we are not always mindful of the blessings which befall us. Yet in our more solemn hours we are keenly aware of our many blessings and do abundantly feel the gratitude so richly merited by those who endeavor so earnestly in our behalf. Much has been done for us, yet one thing more must we have—that indomitable spirit which, in the hour of our trial, shall bear us through victorious. In the example of those who teach us must we find it.

SECRETARIES

MRS. JOAN STEWART
Senior Secretary in Charge

The office staff at Central High is a friendly and helpful lot and few people have more cause to be consciously aware of this fact than the members of the annual staff. The group cooperated in every way possible with us in our efforts to get information, to schedule pictures and events, and in keeping our finances straight. In spite of their many regular duties the office personnel always found time and ways of helping us.

Prior to the opening of the school Mrs. Stewart, under the direction of Mr. Tower, assembled the secretarial corps and organized them into an efficient team.

To single out any one of the girls for special praise would be manifestly unfair. However, because of the nature of their duties, we found ourselves going most frequently to Mrs. Stewart, Miss Kresser and Mrs. Wissel in seeking assistance in securing the details essential to our publication. For this reason, special thanks are perhaps due them.

It is a very pleasing remembrance to note that very frequently our secretaries were present at student functions. Most of them were regular attendants at games and other open events held in evenings. Their interest in student activities makes us feel closer to them. In recalling the spirit demonstrated by our secretaries, we can readily find an example worthy of remembrance.

ACTIVITIES

STUDENT COUNCIL

Members of the Student Council are selected from the membership of the Student Assembly. The Assembly, after discussing the possibilities, ballot to nominate only two students for each of the offices in the council. Except for the offices of Senior Members at Large, the entire student body votes to elect the council membership. This year, after the students from East moved in, an additional member at large was added to insure representation for that group. This was deemed necessary because, as a school, East remained intact. The East student body will not be completely absorbed into the Central program until a new year begins in September.

Three primary purposes of the Student Council are (1) acting as a liaison between the administration and the students, (2) serving as a sounding board and an action committee for the student body, and (3) to promote and to assume leadership in various student activities. Some of the active committees of the group are Social Committee, Handbook Committee, Constitution Committee, and Campaigns Committee. As the members more clearly visualize their purposes, responsibilities, and authority, it is expected the group will widen its scope of activity.

STUDENT ASSEMBLY

The Student Assembly is composed of members elected from each home-room. This year, the primary functions served by the Student Assembly were (1) bringing ideas and wishes of the student body to the attention of members of the teaching staff, (2) feeding back to the students the discussions and decisions of the Assembly and the Student Council, and (3) promoting various student activities throughout the school.

This group approved the plan of the selection of Student Council members and was instrumental in conducting the election. The Student Council's officers served also as the officers of the Student Assembly.

THE BAND

The record of the band this first year at Central is a proud one. Beginning from scratch, Mr. Robert Wheeler, band director, whipped a playing and marching aggregation into shape early enough in the year to make appearances at the football games. The group, although small, along with the drum major and majorettes, made an impressive showing and contributed heavily to the development of a fine school spirit at Central. It is from this corps of about 45 senior band members and some 25 junior band members that Mr. Wheeler plans to build —to increase the size of the band as well as to maintain the high standard of performance already established.

The young band members are to be praised for their

The big brass blow off.

fine cooperative spirit since most of the practice sessions were scheduled early in the mornings before school or after school in the evenings. A shortage of instruments and music plagued the group for a while but this is being slowly remedied. Another serious problem was the fact that most twelfth grade members co-op, a fact which deprived the group of the services of some of its key performers each bi-weekly period.

As the activities of the school increase and the band has opportunities to develop a fund, such problems as increasing the music library and maintaining and replacing instruments will be minimized.

The band personnel: Clarinettes—Peter Lind, Joyce Graham, Sonia Marcum, Kenneth Rudisell, John Sehr, Joyce Anderson; Alto Saxophones—Walter Martin, Minnie Lou Combs; Tenor Saxophones—Chester Shumpert, Robert Doan; Baritone Saxophone—Percy Owens; Trumpets—Fred Harvey, William Storey, Don Byrd, Thomas Greene, Carl Nauman, Robert Stansfield, Robert Woody, Dale Cassett, Gladys Mattingly; Alto Horns—Norman Phillips, Shirley Gayheart, Betty Booker, James Bitner, Jackie King; Bass Horns—Walter Hillman, Ernest Mitchell; Baritones—Ralph Morris, Carol Pennington, Matilda Hathaway; Trombones — George Grawe, Joseph Henry, Robert Sauer, Robert Thomas, Paul Schmitz, James Conner; Percussion — David Hyder, Ronald Zerges, Darwin Mueller, Carl Wriston, William Echols; and Tympani—William Margolis.

The band has already won a warm spot in the heart of the Central student body and it is becoming increasingly evident that its popularity shall grow with the organization.

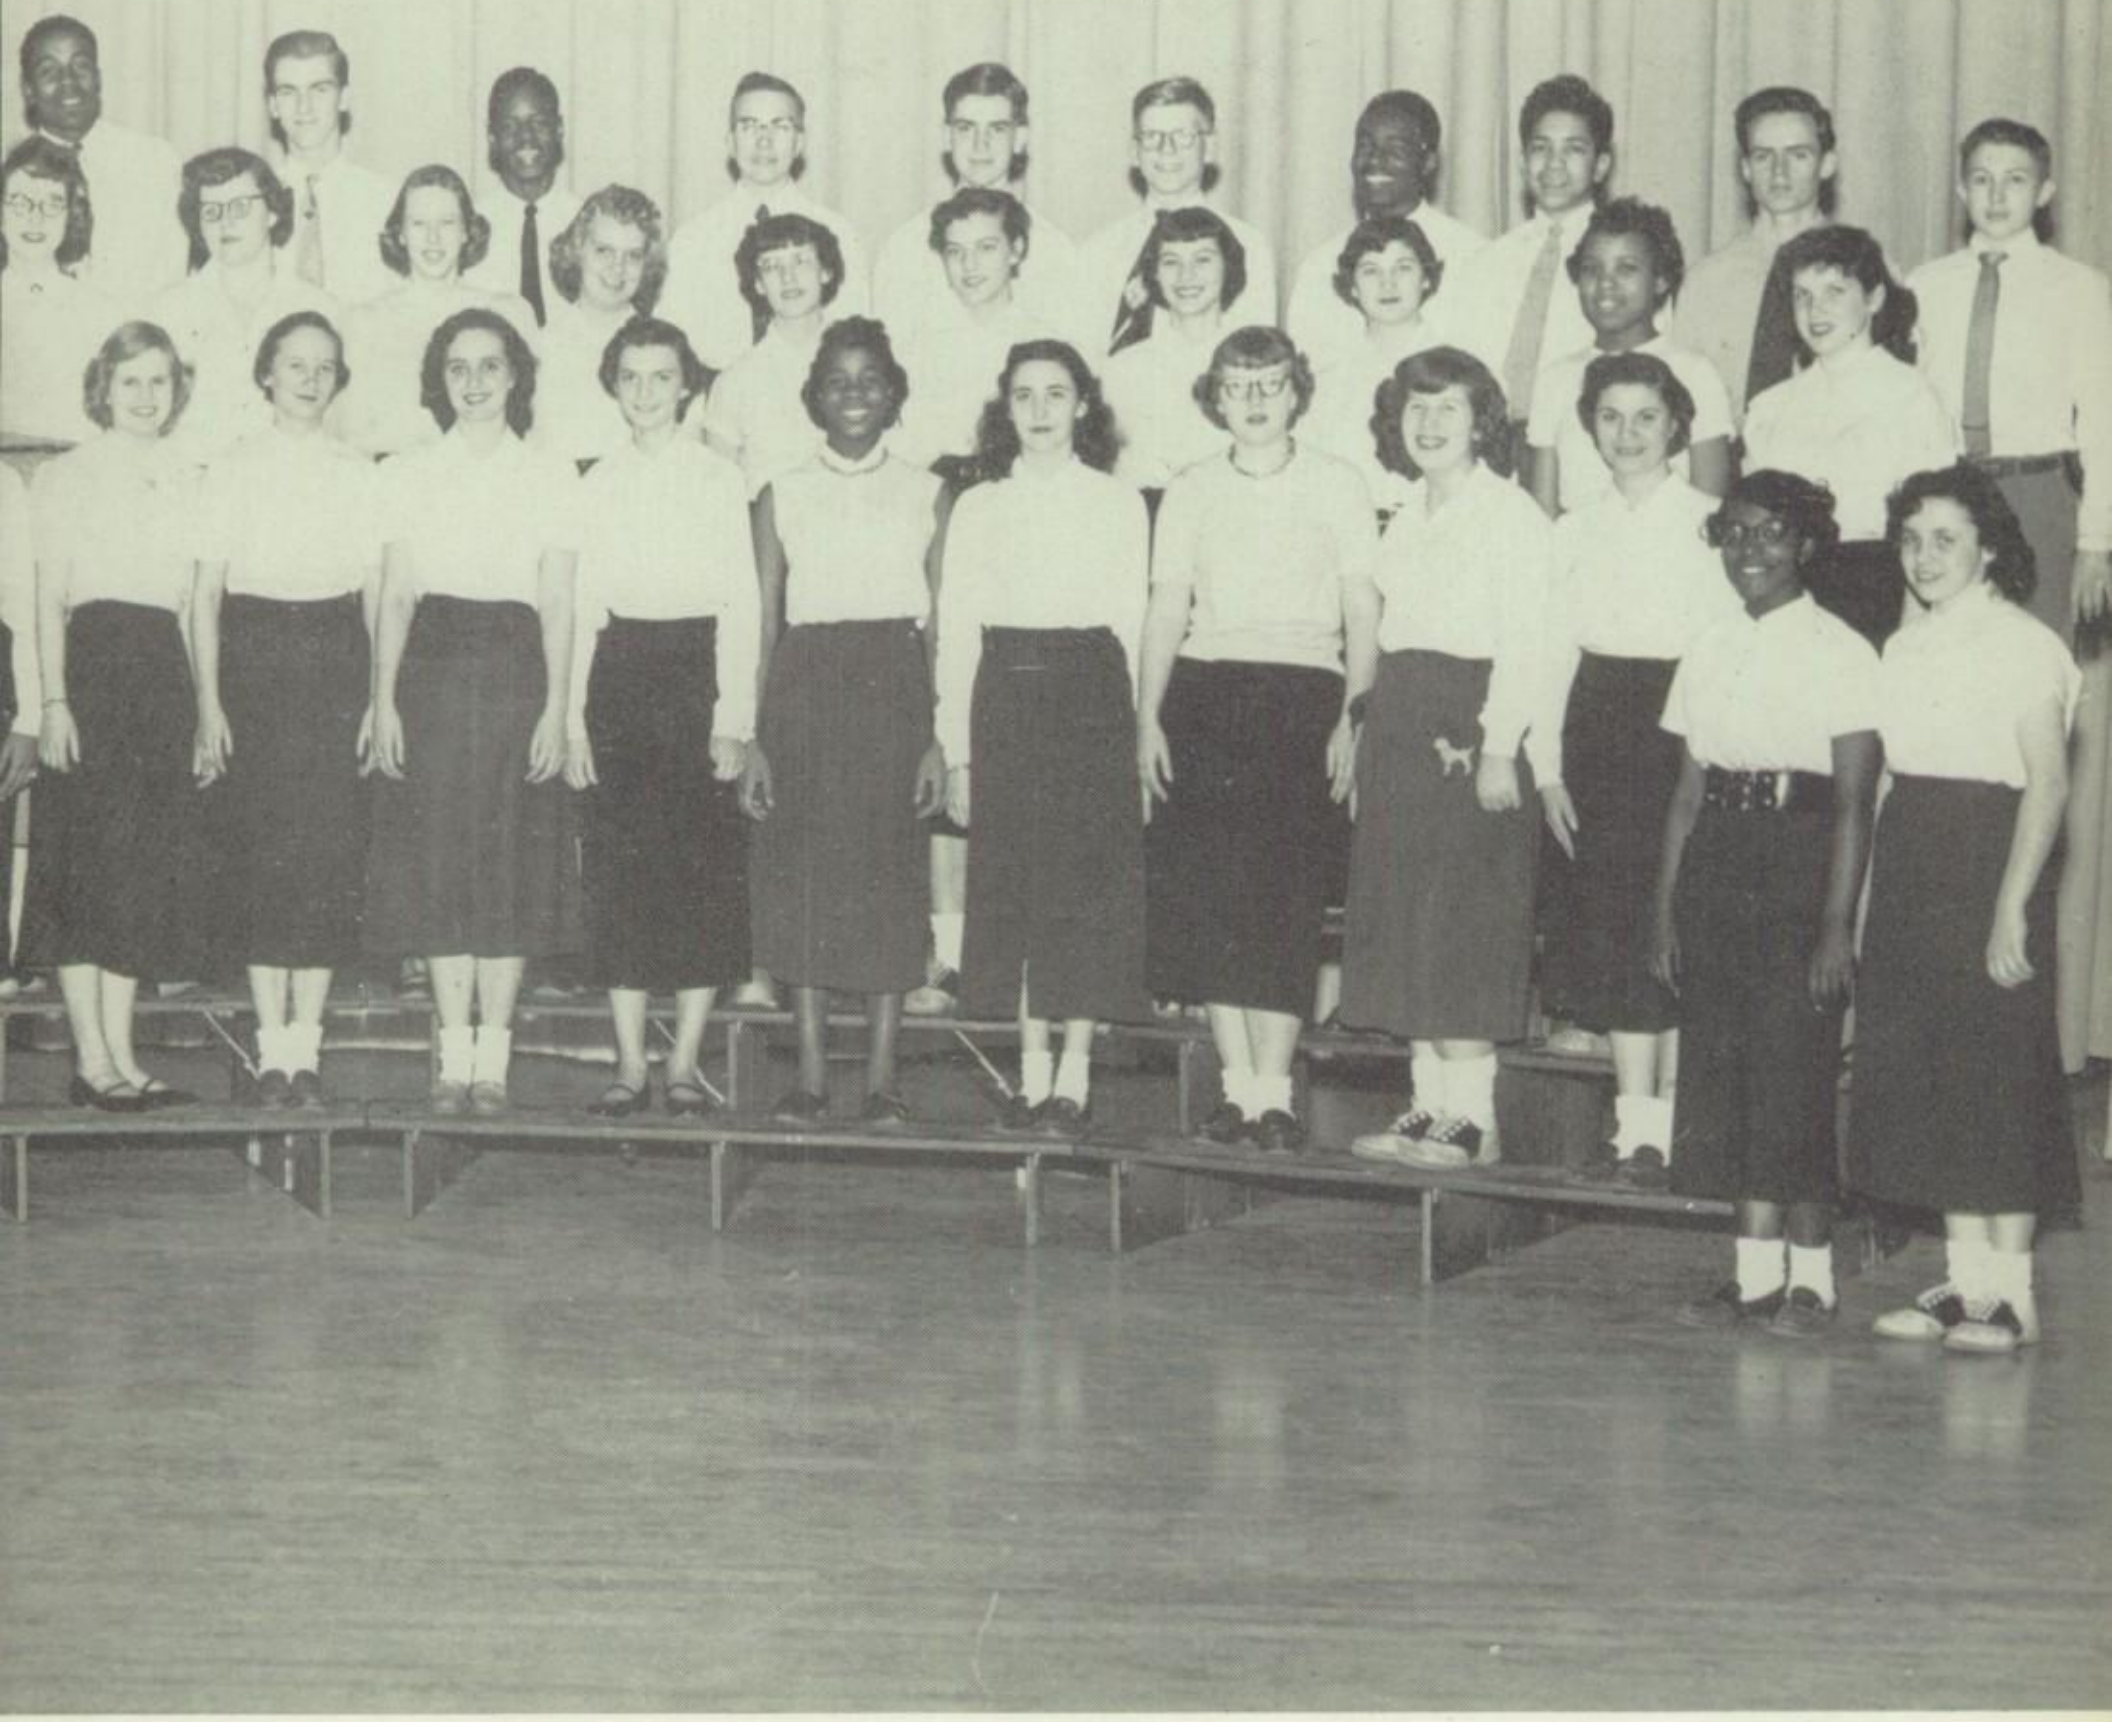
C H O R A L G R O U P

In the past, choral music has been considered an important part of the cultural program in the vocational schools and now that the schools have combined into the New Central, it is anticipated that even more emphasis will be given it. Mr. Robert Wheeler was in charge of all music, including choral music, prior to the coming of East. Miss Patricia Schramm was in charge of music at East prior to their moving in. The pair have now joined forces in preparing the music for such important events as the dedication, theatricals, and graduation.

It is planned that more time will be available for students who are interested



in choral and instrumental music. That this will be a boon to the department is beyond question.

The roster includes the following: Sopranos—Jane Turton, Lois Powell, Myra Harrison, Eula Jenkins, Dorothy Fuller, Pat Hoff, Pat Mounce, Sarah Brown, Belva Bowling, Doris Young, Dolores Kuper, Katherine Jacobs, Naomi Scott, Barbara Harrison, Susan Kelly; Altos — Regenia Frazier, Betty Jo Simpson, Shirley, Gordon, Christine Pappashales, Shirley Neeley, Pat Miracle, Sylvia Kottmyer, Eileen Craig, Dorothy Hathaway, Gloria Duncan, Gladys Mattingly, Marie Tittle, Matilda Hathaway, Jean Schnitker, Pat Lowe, Sarah Stinson, Mary Roth; Tenors—F. Caldwell, Norman Phillips, Norbert Sess, Thomas A. Carter, Ed Shields, James Railey, Fred Deiters, and Basses—Walter Hillman, Elmer Sellers, Louis Bell, Donald Morgan, Vernon Hillman, Theodore Chatman, Norman Johnson, Dale Cassett, Luther Starkey, Edward Potter, Ernest Lorenzo Mitchell, William Echols.

In the picture on the opposite page we see the complete orchestra except for Joseph Henry, trombonist, who was absent when the picture was taken. The orchestra has been a useful organization at Central. Although its membership is drawn from the band and it is under the leadership of Mr. Wheeler, band director, it functions as a separate and integral unit of the Music Department.

The orchestra is called upon to play at dances, some school functions, theatricals, etc. One of the more important functions at which the group performed was the "Sweetheart Dance" and their work was pronounced "real cool" by those in the know.

The chief problem of the orchestra is the acquisition of an adequate library. As the earning power of this group increases the problem will gradually melt away. Mr. Wheeler is very confident his young charges will gain a much merited recognition as they increase their repertoire and acquire the polish achieved by longer association. No group could give as generously of their time and energies as this group has without achieving a high degree of the desired perfection.

Here is a roster of the membership: piano—Carol Pennington; drums—Carl Wriston; saxophones—Peter Lind, Walter Martin, Joyce Graham, Chester Shumpert, Percy Owen; trumpets—Fred Harvey, William Storey, Don Byrd; trombones—George Grawe, Joseph Henry.

Mr. Wheeler and the orchestral group have much work scheduled for the spring. In addition to an important assignment in a show to be given later, the group, along with other members of the band, are scheduled to visit other Cincinnati schools to perform for the students there.

THE ORCHESTRA

Snake Pit

A number of traditional social events are being established at Central including the Senior-Junior Prom, Alpha Mu Sigma's Spring Fling, the G.A.A. Banquet and Dance, and the V.I.C. Employer-Employee-Teacher Dinner. Another event of importance on the calendar is the Sweethearts Ball—an event planned to celebrate the annual Sweetheart Contest sponsored by the PENDULUM. The ten winners in this contest are then photographed for entrance into the PENDULUM glamour section after judging by a competent beauty authority of national prominence. The winner of the second competition will be adjudged Central's beauty queen with all others as the court of favorites.

The first annual "Sweetheart Ball" was held in the school's lunchroom with some 400 people in attendance. Music for the occasion was furnished by the Central High School dance orchestra to make it an all-Central event. Preparations, including decorations, arrangements, and ticket sales, were conducted by the combined efforts of the business staff and the editorial staff of the annual.

Beginning of a wonderful evening

SWEETHEART BALL

The most exciting event of the evening came when, at 10 o'clock, Dick Brackett, popular senior and one of Central's leading citizens, called forward the twenty-five candidates for Central's Sweethearts following it with the announcement of the ten winners. The lucky winners included: Yvonne King, Helen Doctor, Rosalie McCartney, Bertha Robertson, Burnetta Willmoth, Barbara McGee, Shirley Clevenger, Delores Smith, Arlene Coffey McSwain, and Frances Wurzbacher.

Each of the ten winners was presented with a sterling charm bracelet engraved with "Sweetheart of Central, '54," and a corsage. After the pictures were taken, the band came through with a dreamy melody for the sweetheart dance. Chaperones included Mr. and Mrs. Siegel, Mr. and Mrs. Jacobson, Mr. and Mrs. Mayer, and Miss Hartzel.

The current annual staff believes the Sweetheart Ball should continue as a tradition and hopes to establish the custom of having a section of the book dedicated to them

so firmly that the two events will become permanent fixtures at the school and that the dance will remain the biggest "whole school" event on the social calendar.

While the junior-senior prom has been arranged, it was scheduled so late in the year that it was impossible to obtain a photographic story for your annual.

While vocational schools are not new and coeducation has been practiced in some of the schools for many years, little or no opportunity was provided for the smaller groups to establish tradition which characterized the schools and which made for a highly spirited school loyalty. In the new Central many interesting features have been started—features which, when allowed to grow in the hearts of Central's young people, will serve to endear the school to the students and provide a foundation for widening the cultural and social horizons of our young people. It is to this end the PENDULUM has established and does dedicate this "Sweethearts Ball."

THE PENDULUM

Like most other organizations at Central, the annual staff had to begin from scratch. It was organized in late September and early October by Mr. R. O. Sofko, editorial advisor and Mr. Martin Siegel, financial advisor. Even so, it was well into November before contracts were signed, temporary headquarters set up, and the real work of producing an annual begun. The picture contract went to Osborne Photographers with the senior and faculty portraits being taken at the H. & S. Pogue Company studio. Printing, engraving and cover contracts were signed as a package deal with The Benson Printing Company of Nashville, Tennessee. The staff realized that its late start was something of a handicap, but resolved to produce a book of high quality nevertheless. With no experienced personnel on the staff, the members agreed to work as a team without titles thus allowing merit to seek out the leaders. Many of those who originally signed up for work on the staff dropped by the wayside, and it was not until February that positions were officially assigned. Plans for continuing the organization through elected personnel are in the making.

From the outset, the staff was plagued with problems which arose from the very fact that Central was a new school. Many of the plans laid by the group in anticipation of events materializing went awry. Much delay was encountered by such facts as the gym not being finished until mid-January, or the auditorium not being completed until an even later date. But these were also things to be remembered.

A real problem was met and overcome by the staff in the fact that East Vocational High School, destined to become an integral part of our school, had not yet moved into the building with the moving date so indefinite that plans had to proceed on schedule and much of

the work done at Central had to be duplicated at East. This work was largely done under the direction of Miss Stella Woliver of the faculty with Delores Mervin as student chairman carrying on the major portion of the work. The spirit of genuine cooperation exhibited throughout the period could well stand as a model for emulation. When East finally did move in in February, it was an occasion for real enjoyment on the part of the staff because of the simplifying influence on our work.

Not all of the problems were editorial. Our budget was large, our financial organization new and inexperienced. Mr. Siegel and his staff worked long and hard devising fund-raising techniques. Faced with a deficit of some $3400 over income from anticipated sales, the financial crew went to work with a will whittling away at the deficit by selling ads, conducting contests, holding dances and sales and collecting fees and assessments. That they succeeded is a tribute to their diligence.

Yet to limit the staff to those formally included in it would be unfair. Those who devised and supervised did just that. The real service came from the many homerooms and homeroom teachers who did the work. Truly, this annual is a school effort; truly, its staff is the pupils and the teachers of Central High School.

''KNIGHT LIFE''

Knight Life is the student newspaper published at Central High School. It was organized during the first week of September, 1953. It is the only newspaper in the Cincinnati area that is actually printed by the students as well as edited by them.

The editorial staff is composed of the journalism class which meets every afternoon after school. Under the supervision of Mr. James White, the students in this class gather the news and write all articles.

The business staff, under the supervision of Mr. John Roman, is in charge of subscriptions, circulation, mailing, art, and finances. *Knight Life* is mailed to some of the former graduates of Central and also to the boys in service.

Business advisor and staff view latest edition.

It is also exchanged with many high schools in the tri-state area.

Students have the choice of purchasing a dollar subscription for the year or paying five cents per single copy. The newspaper is a four page sheet which features the latest gossip, sports news, and tells of events which are interesting and important to the students.

All photography is done in the photo-lithography classes under the direction of Mr. Fred Auburn. The paper is set and made in Mr. Frank Glatthaar's linotype and hand composition classes and is printed in the presswork classes under Mr. Elmer Burkhardt's direction.

The name *Knight Life* was selected by popular vote on November 13.

Our school paper has a two-fold purpose: It tries to inform students about all the news of Central High and also to stimulate school spirit. It also acts as a liaison between the school and the parents of Central High students. We are pleased to keep the general public informed about the school, especially the former students of Central High who are always anxious to hear from their teachers and friends.

Boost the Knights through *Knight Life*.

Central Hi-Y and their advisors

CENTRAL HI-Y

The Hi-Y represents a movement of high school youth who, as members of the Y.M.C.A., are committed to a Christian purpose at work in the high school and community.

The Hi-Y purpose is to create, maintain, and extend throughout the school and the community standards of Christian character.

The Hi-Y platform is clean living, clean speech, athletics, and scholarship.

At Central the Hi-Y has assumed the responsibility for arranging the Thanksgiving, Chritsmas, Brotherhood Week, Easter and Memorial Day programs. We enlist the support and help of all who are willing and may it be said, "That so far, no request for help for the Hi-Y has been refused."

The senior Hi-Y is directed within the school by Mr. Lee D. Moore with the help and advice of Mr. Evans Burbank and Mr. James White. The program has the approval of our principal and is under the city wide supervision of Mr. Joseph Jennings, Boys Secretary of the Central Y.M.C.A.

Hi-Y Members are: Alonzo Bradley, Oscar Burk, Kenneth Carpenter, Raynold Cole, Napoleon Coleman, Lee Finn, Brooks Greer, David Grimes, Charles Imwalle, Norman Johnson, William Klopfstein, Albert Land, John Lesch, Ernest Mitchell, Don Morgan, Norman Phillips, Edward Potter, Luther Starkey, Wyce Westbrook, Ronald Wilcher.

The happy "Squirettes" and their sponsor.

"Y" TEENS

The "Squirettes" is the name of the Y-Teen group of Central. The Y-Teens are part of the Y.W.C.A.—a Christian fellowship with goals to grow as a person; to grow in friendship with people of all races, religions, nationalities; to grow in knowledge and love of God.

Weekly meetings are held at the Central Y.W.C.A. building. Speakers and discussion programs alternate with dancing and project programs. Service to others and fun together provide a variety of activities. Miss Louise Abbihl is the faculty sponsor.

The members of the Y-Teens are: Alvina Allgeyer, Joan Atkinson, Nancy Bolton, Louise Bugge, Priscilla Callif, Patricia Gibbs, Dorothy Godfrey, Ruby Grider, Pat Hill, Yvonne King, Carol Langley, Helen Lapp, Faye Maloney, Marlene Norris, Jean Pendygraft, Doris Poteet, Alfreda Proffitt, Mary Ruhstaller, Valeen Schultz, Joyce Stephenson, Martha Tracey, Jane Turton, Joyce Waller, Loyce Waller, Dixie Woulms, Betty Stein, Joyce Anderson, Joyce Hibbard, Marian Bryan, Margaret Edwards, Carolyn Poole, and Elsie Cook.

Bowling is one of the chief diversions of the group. The club is one of Centrals most active girls groups and expects to continue holding its prominent position in girls activities.

SHOW BUSINESS

Precision plus

That show business in its widest sense will become an important part of the extra-curricular program here at Central seems definitely assured if the plans of the various interested departments materialize. A show of minor proportions is in the plans for this year despite the extremely late date at which auditorium facilities were made available. Mr. Robert Wheeler, Mrs. Bea Jacobson, Miss Patricia Schramm, and Mr. Robert Sarsfield have acts in various stages of readiness for a variety show which is to be given for the students. The purpose of the show is to begin building talent for the first large production which may well set a pattern for regular annual shows. Instrumental and vocal music, dancing, skits, acrobatics, and pantomimes are among acts being readied. The accompanying photographs indicate an abundance of talent available.

What part true histrionics will play here at Central is uncertain at this report. Facilities are available, however, and the PENDULUM hopes to see a wholesome growth of varied theatricals develop. No specific plans are under way for a play or straight musical show to compete with a variety type show. It seems unlikely that some pressures will not develop. Whether such pressures will be sufficient to demand an outlet is purely speculative. In any event, the PENDULUM will look on with keen interest in watching the developments in this area. For the present, all we can do is to observe the developments and report them as they come into being.

In deciding whether a report on this activity should be made in its current formative state, the staff agreed that the report was needed firstly on the basis of the work already done in preparing for a show by both students and teachers and secondly because of the universal interest in this activity. The students engaged in the activity have given generously of their time and efforts and merit recognition. That we cannot be more specific on the subject is purely an academic issue for which we make no apology.

The "Cheerleaders" of Central are under the direction of Mrs Bea Jacobson, a perfectionist, who demands rigid adherence to standards. A ten-man squad is carried—five boys, five girls. Age and grade level are not considered when selections are made. A cheerleading clinic is held prior to tryouts. At the clinic anyone interested is taught the cheers and other aids to help prepare them for the tryouts.

Selections are made on the basis of scholastic standing, attitude, and ability. The Cheerleaders have started an annual Mr. and Miss Pep Contest at which the boy and girl demonstrating the greatest enthusiasm as supporters of athletics and manifesting high qualities of sportsmanship and good character receive a trophy as an award.

The Cheerleaders lead cheers at football, basketball, and regular pep meetings throughout the year. They receive varsity letters for their work.

R I F L E C L U B

One of Central's mosta ctive clubs is The Rifle Club. Under the direction of Mr. Herbert Simpkins, aeronautics instructor, the club is a thriving institution. Since Central High School does not have its own target range the group meets weekly at the Western Hills Y.M.C.A. target range for practice. The club owns a number of target rifles but most of the youngsters who take to the sport buy their own guns and take great pride in the care and upkeep of them.

Safety in the use of firearms, of course, is one of the great lessons taught to the members and many great marksmen have been developed by the club. The club fields a rifle team each year.

Shooting is a great sport for developing the individual in self-confidence, self control, patience, and the competitive spirit. It is an ideal outlet for those individuals not physically equipped for some of the more rugged sports although sturdy youths also find in it the suspense and excitement of other sports.

The Rifle Club supplies ammunition to its members at a modest cost. It is associated with The National Rifle Association.

The dear friendships which grew out of our associations in class, in activities, and in just being there. A peep through this section will bring them all back to fond memory.

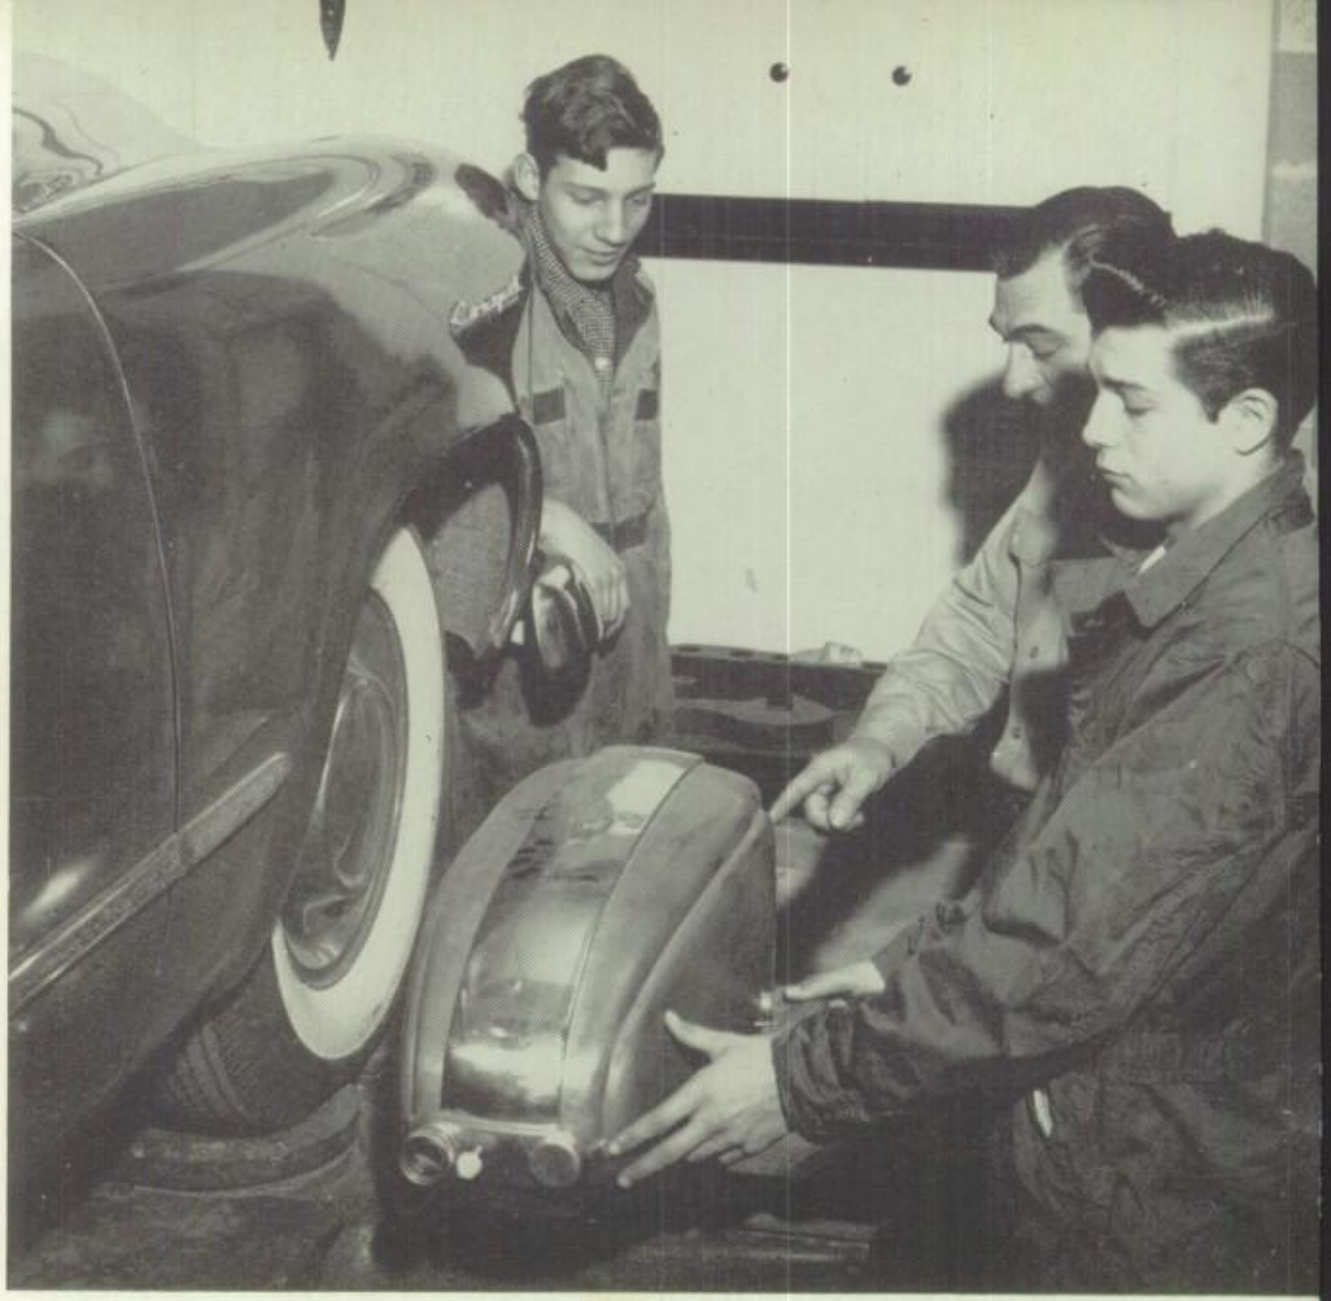
ADVANCED AUTO SHOP

The course of study for the Automotive Department was planned to provide the background for a wide variety of possible types of employment in the automotive industry such as auto mechanic, body repair mechanic, parts and accessories clerk, auto salesman, etc. For example, to the right we students are receiving instructions in front wheel alignment.



Making a front wheel alignment in Advanced Automotive Shop

AUTOMOTIVE DEPARTMENT

Most Central students who plan to enter the automotive field get at least one semester's experience in internal combustion engines during their first two years at Central. Below we see the mysteries of the torque wrench being explained to a pair of youngsters in a Basic Auto Shop.

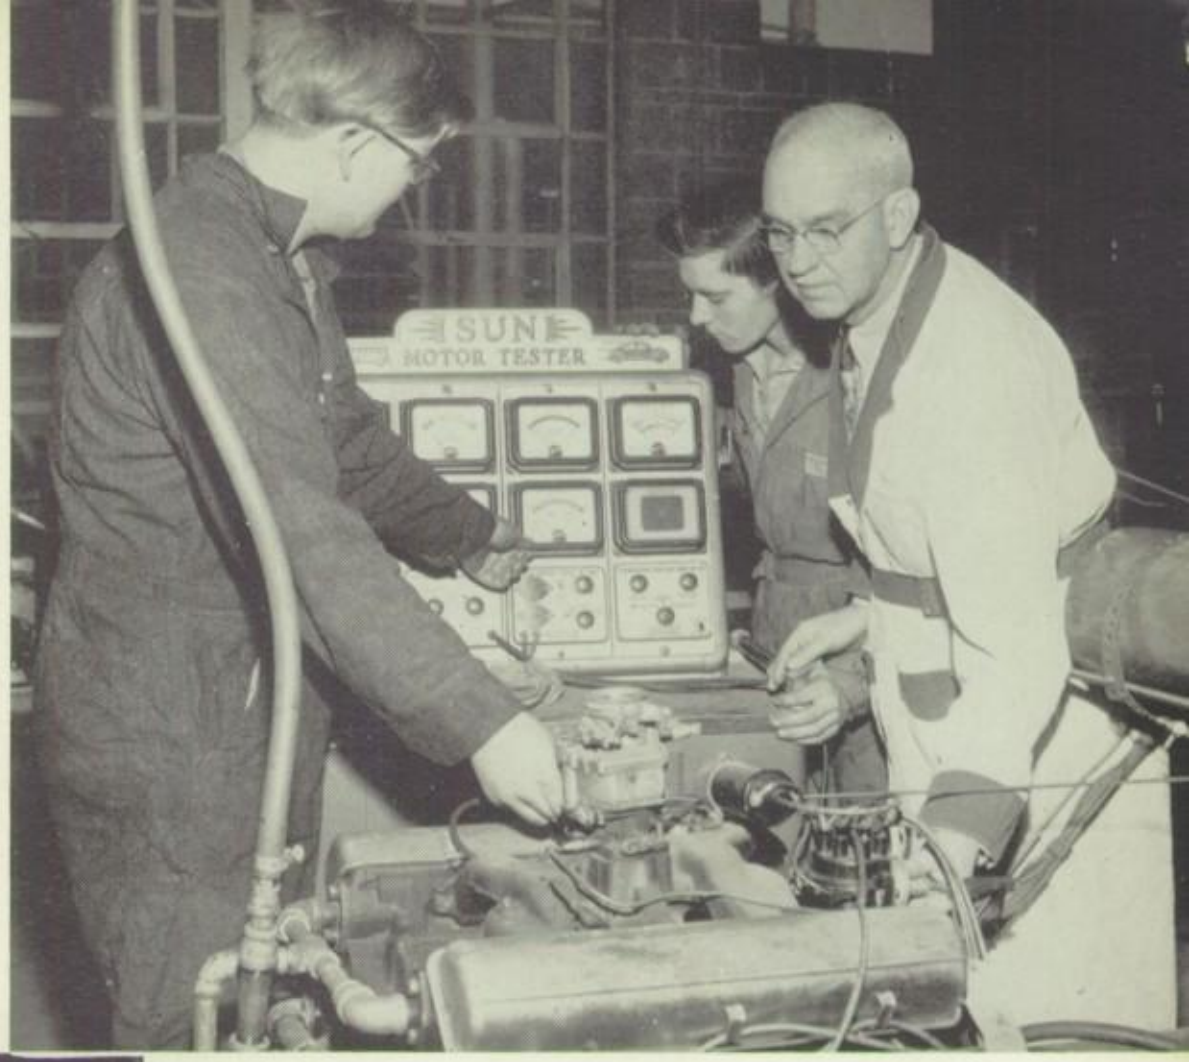
POWER LABORATORY

When the automotive pupil plans to leave school before graduation, he is counseled to enter into a short term or industrial course of intensive trade training. But in grades 11 and 12, the program is designed to prepare students for more useful employment in the trade of their choice. Here, for example, are students being introduced to the mysteries of the engine tester as they synchronize an electrical distributor unit.



Synchronizing the electrical distributor unit in Basic Auto Shop

ELECTRICAL SHOP

Once a student selects the trade he wants to follow, that choice automatically prescribes the related subjects which he will take. His training also must include the actual experience in all phases of the trade. Here we see an automotive student overhauling an auto electrical generator. Each integral unit of the automobile is so analyzed.

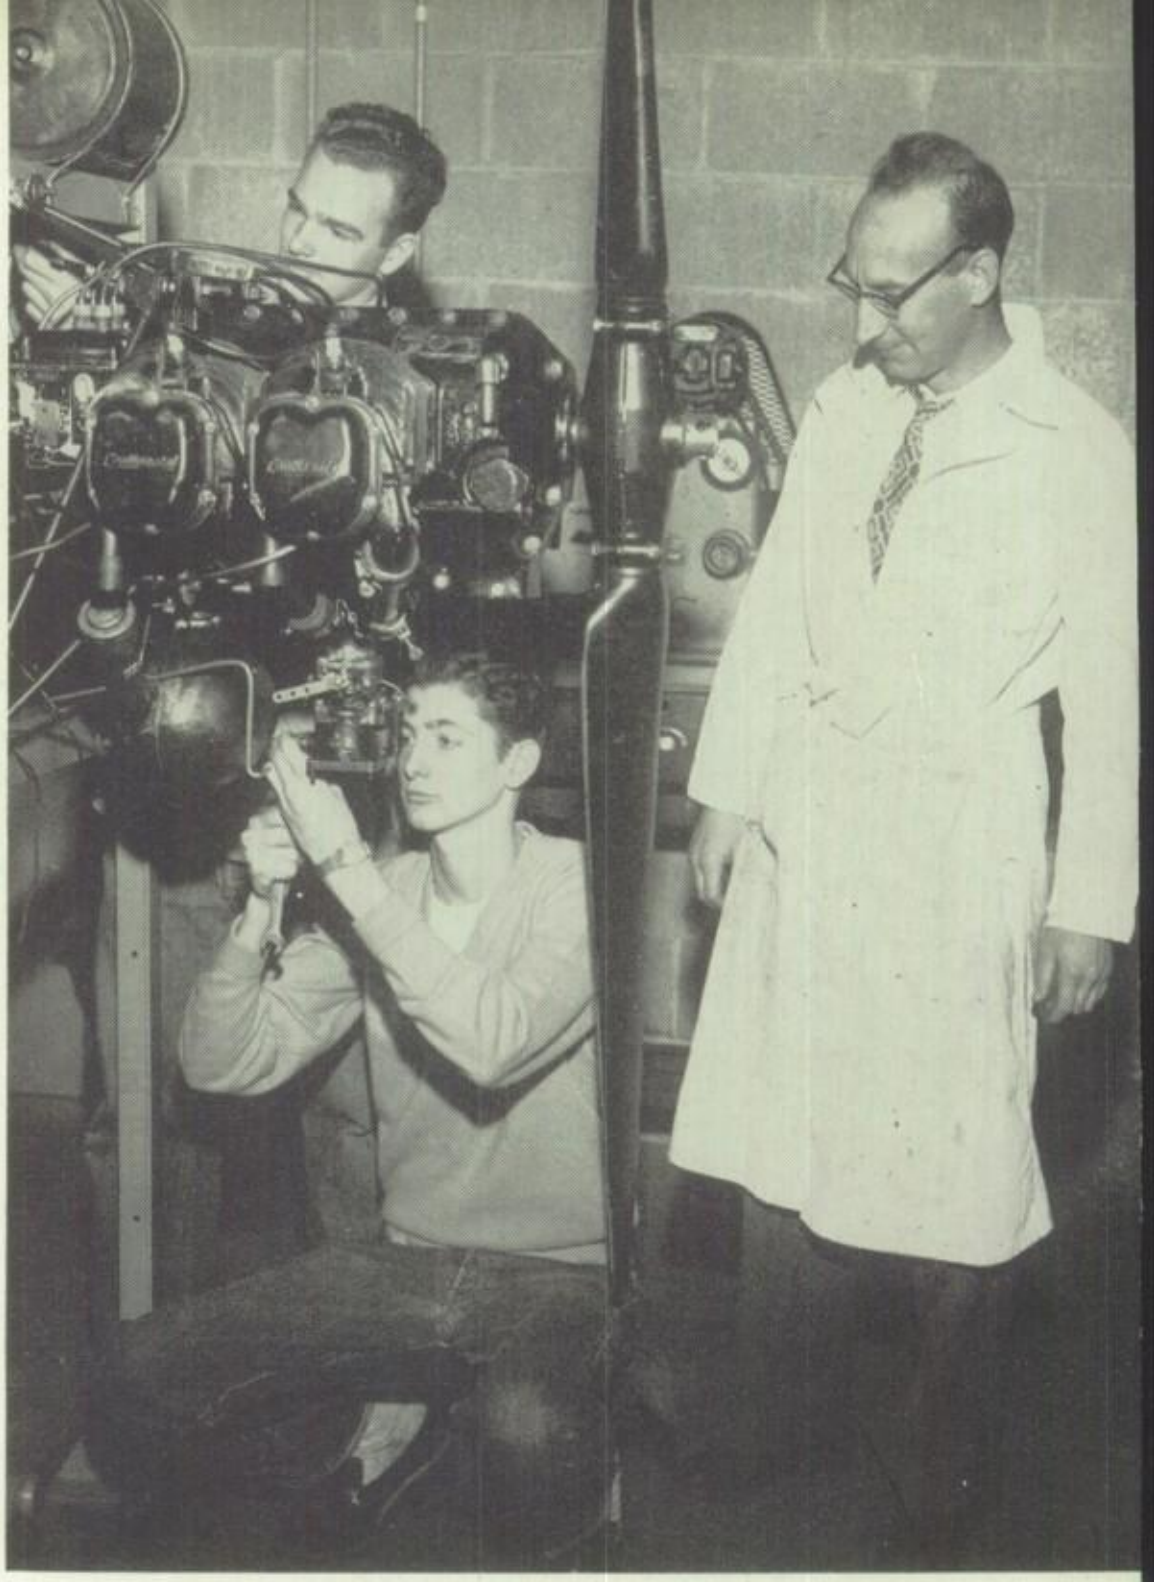
PAINTING AND BODY WORK

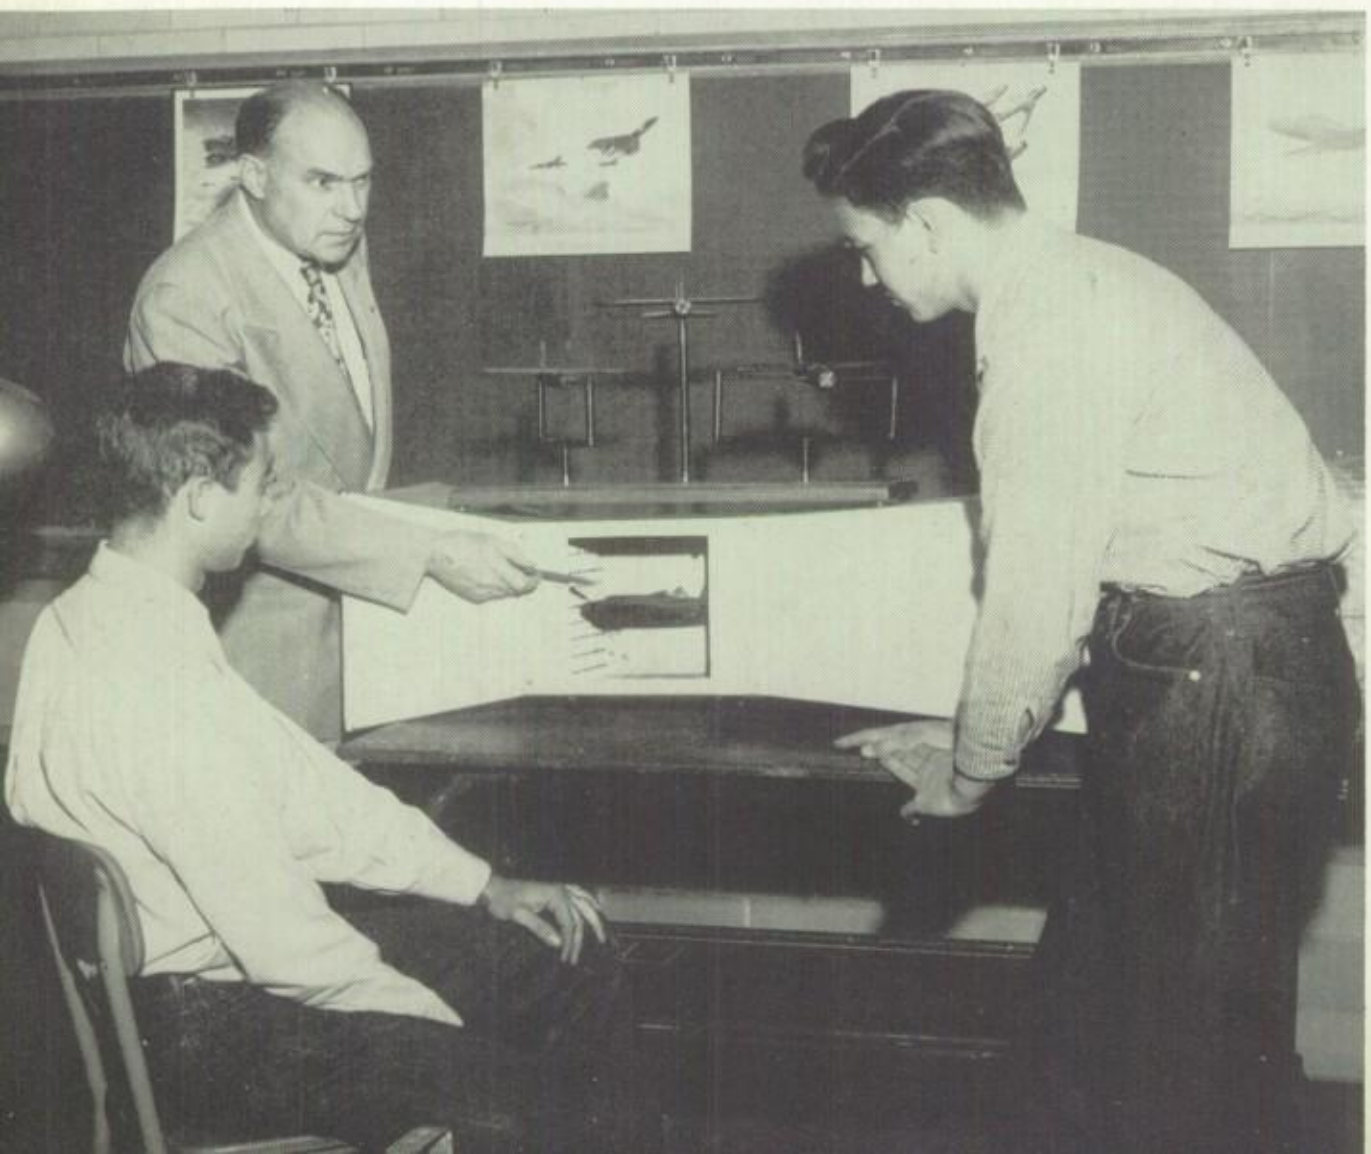
In the 12th year, the student is placed in one of the shops of the various dealers, independent garages, service stations, or parts departments. Co-ops average about $33.00 per week. Successful co-ops receive full time jobs after graduation. The type of training indicated at the right makes the Central student a real value to his employer.

AVIATION

ENGINES

The pattern followed in the Aviation Department is much the same as that followed in other departments. Twelfth year boys co-op at the local airports but only after the usual laboratory and shop experience required in the eleventh grade and the basic training received in the ninth and tenth grades. Here we see students mounting a rebuilt engine on a stand for test running.





AERO DYNAMICS

Aviation sciences are a critical part of the training at Central. Engine and aircraft maintenance are more easily taught when the "whys" are known. Here we see instructor and students performing a wind tunnel experiment in the aerodynamics laboratory. While flight training is not a part of the curriculum, some students enter this phase of aviation.

COOKING

The objective of the commercial foods class is to train students to become efficient and skilled foods workers. There is a wide variety of work in the food service field and the program is so organized as to prepare students for the phase in which they are most interested.

Below:

SERVICE AND BAKING

During the year that the students train in the commercial laboratory, they work with large quantities of foods. This food is then utilized by the cafeteria, and special groups.

Student co-ops in the foods field are employed in various tea rooms, cafeterias, bake shops, hospitals, and other eating establishments throughout the city.

BUSINESS EDUCATION

The Commercial Department of Central High School provides a specialized high school education for boys and girls who wish to prepare for employment in the business offices of the city. Like the other Departments of this school all subjects offered are of accredited senior high school level. Pupils desiring this type of education must meet the specifications set up by business as to intelligence, physical fitness and health, honesty, integrity, appearance, and personality.

Training is offered in the following fields: bookkeeping, secretarial, and general clerical.

The Department is equipped with Modern and up-to-date office equipment. The following is a partial list of some of the machines upon which instruction is given: Addressographs, Bookkeeping, Burroughs Adding and Calculating Machines, Comptometers, Dictaphones and Ediphones, Electric Typewriters, Folding Machine, Graphotypes, Marchant Calculators, Mimeographs, Monroe Calculators, Multigraphs, Multiliths, Sunstrands, Typewriters, Vari-Typers, Victor Adding-Listing Machines, Telephone Switchboard.

DISTRIBUTIVE EDUCATION

The Distributive Education section prepares students for jobs in department and specialty stores and eventually for junior executive jobs.

This is done through courses in retailing, merchandise information and analysis, display art and salesmanship.

The skills taught in the above courses are first put to use in the eleventh grade laboratory which involves working in the school store. Here the students work as salespeople, stock clerks, markers, and display men.

In the twelfth grade D. E. students co-op in the department and specialty stores throughout the city and an effort is made to place them in the type of job in this field which most interests them.

MECHANICAL DRAWING

Mechanical drawing is the language of Industry. This industrial language is a universal language and can be read or interpreted in all parts of the world.

Mechanical drawing at Central is being taught in the sophomore year, with a new shop drawing course being initiated this year. It is hoped that a department in drawing will be set up next year, where students will co-op in their senior year.

The student in drafting must not only learn the theory of projection, but must give exact and positive information regarding every detail of the drawing. He must not only "make" a drawing, but know how to read it.

In the pictures we see typical scenes from the department.

ELECTRICAL TRADES

The objective of the Electrical Department is to train high school pupils so that they may enter the various branches of the electrical industry. This training shall include the development of the accepted basic skills, the ability to recognize the various common units used in this field, the manner in which they are constructed, and how and why the apparatus will perform when used separately or in combination during operation. Employment in this type of work may be concerned with installation, maintenance, manufacturing, and construction. Continued employment in any one of these divisions will lead to a highly skilled and/or specialized workman, happy in his work, commanding a high rate of pay, reasonably certain of steady employment, with splendid opportunities for advancement.

METAL TRADES

In the Metal Trades Department of Central High School, training is given in Basic Machine Shop, Advanced Machine Shop, Sheet Metal Shop and Acetylene and Electric Welding. In the Machine Trade, for example, eleventh grade boys spend approximately 585 hours in Advanced Machine Shop getting experience in all operations on the various machines—about the same variety and type found in small jobbing shops. In the twelfth year, the boys co-op in local machine shops. A number of factories allow one year credit on their apprenticeship training for their work at Central.

Both Sheet Metal Shop and Welding are conducted as basic shops and may be elected as advanced courses in the eleventh and twelfth grades. The value of these shops both as special crafts or as supplements to other trades is recognized in the curriculum.

NEEDLE TRADES

In the Needle Trades Department training is offered in three specialized fields—tailoring, dressmaking and power sewing. Opportunities in these areas for regular employment in well paying jobs are particularly abundant for capable persons. In tailoring, for example, cutters, custom tailors, alteration specialists and production workers are in critically short supply. Working conditions are usually good and are likely to improve because of the shortage of trained persons in this field. Comparable opportunities are available in the dressmaking field and power sewing machine operators are always in demand.

Four years of laboratory or shop work are offered in each of the three fields with the student permitted to select his course at the end of the ninth year. Twelfth year students are employed as co-ops in Cincinnati garment establishments.

The training includes certain required projects

such as making a complete suit in the tailoring course. The costs are nominal—usually less than retail material cost. The many production jobs offer real experience. Students in the tailoring and dressmaking fields are given a sufficient background in power machine operation for their trade requirements.

P R I N T I N G

The printing department at Central High School trains boys and girls for initial placement in the graphic arts industry of Greater Cincinnati. It is organized into the following training areas: elementary hand composition, elementary presswork, advanced hand composition, advanced presswork, bindery, linotype operation, monotype keyboard and caster operation, and photo-lith.

In addition to printing a variety of school jobs such as information sheets, charts, attendance forms, report cards, and student record forms, this department puts out our school paper, the weekly *Knight Life*. Its machinery is always whirring with productive work for other units of the Cincinnati school system.

In its shops and classrooms approximately 170 pupils are getting basic knowledge and acquiring sufficient manipulative skill for entry into one of the 65 occupations which make up the graphic arts industry. This present school year 36 seniors co-opped in Cincinnati print shops.

WOODWORKING

The woodworking department gives training in carpentry, cabinet making, mill room practice, and patternmaking. At the present time there are two basic shops and one advanced shop. The students in the basic shops are given an insight into the fundamentals of the woodworking trade. In the eleventh grade they specialize in one of the trades previously mentioned. The student spends six hours daily for a period of two weeks in their related work. During the twelfth year the boys co-op in their chosen field, working in industry for two weeks and returning to school on the alternate two week periods.

Local construction and allied industries cooperate to the fullest in utilizing the co-ops in this department. Many students remain on their jobs after they graduate and many former graduates now are employers of present co-ops.

HEALTH SERVICES

When students are ill, temperatures are taken

A wide range of physical and mental health services are provided through the Cincinnati Public Schools. Many of these services are available at Central High School.

Through the Cincinnati Health Department, each student, in the tenth year, receives a complete physical examination including chest X-ray, serological test, and vision, hearing, and dental examinations. All tests except the serological and chest X-ray are given at the school. The department makes recommendations for corrective procedures where needed, and follows through to see if the advices have been taken. When necessary, the department makes arrangements for clinic appointments, provides glasses, and arranges for surgery. When, for some reason, the examinations were missed during the tenth year, physical fitness examinations with the same follow-up practices

are provided for students before placement in jobs when they leave school.

Mental health is also of great concern to the Cincinnati Public Schools. Either as a supplement to the physical fitness examinations or upon the recommendation of their teachers and/or counselors, students with hearing, visual, or speech defects may enroll in class study to overcome or to arrest the defect.

A broad testing program provides data about the students' general ability and academic achievement. Individual psychological tests and psychiatric aid are available for students who could profit from these special services.

GENERAL SUBJECTS

The general subjects curriculum at Central High School, although not so broad as that found in the traditional high school, is characterized by depth and a degree of specialization in favor of the specific trades taught in our school. This degree of specialization, however, is true only in the eleventh and twelfth grades since the ninth and tenth grade work parallels the requirements found in other Cincinnati Public High Schools.

Since the new Ohio High School Standards permits a more liberal policy in the area of physical education and health, art, speech, mechanical drawing, choral music, instrumental music, dramatics, and job relations will become elective two and one-half hour courses. The minimum requirements for graduation is 17 units including one-half unit of physical education and one-half unit of health. In effect, then, the general subjects area at Central, with the exception of foreign languages and literature, is as broad as that found in the comprehensive high school.

The technical course, as planned, will prepare the Central student who elects this program, for college entrance with emphasis on technical or scientific areas by enriching the mathematics and science subjects. The technical program will function on a non-co-

GENERAL SUBJECTS

operative basis permitting the student to spend full time in the classroom and laboratory.

At Central, recreational and extra-curricular activities are not slighted and educational techniques employing a full complement of audio and visual aids are utilized. Speakers, artists and other suitable assembly programs are scheduled throughout the year. For all boys and girls interested in athletics, the opportunity to participate in a full range of sports is open to all through an intra-mural program and the regular inter-school competition. Social dances and a wide variety of clubs including riding, rifle, bowling, and other specialized interest organizations round out a full social program.

The general subjects are not only a supplement to the vocational training of the individual, they are also the core of his social education designed to prepare him to take his place in our democratic society. In addition to economic self-sufficiency, the program provides for the moral and social aspects of living as well. The youthful Central graduate can go out into the world of realism with a feeling of confidence and security in the knowledge that he has been equipped with fundamentals from which character, personal happiness, usefulness to the community, and independence can be built.

Dear Mr. Sofko:

It is always difficult to judge the most beautiful out of a group of pretty girls, but after due consideration and deliberation I have arrived at the following:

My #1 choice is Miss Burnette Willmoth.

My 2nd and 3rd choices go to Miss Delores Smith and Miss Rosalie McCartney.

My best regards to the Senior Class and student body at Central High.

Very truly yours,

THE COACHES

The Athletic Department of Central High School boasts as fine an array of athletic strategy talent as is likely to be found in a high school. It is the purpose of our athletic department to build the youth of our school into men, sound both in mind and body, and in doing so to field athletic teams which will hold their own in the field of Class A high school athletic competition. Here is a run-down of the members of the department with their respective coaching and teaching assignments:

Chairman of the department is Mr. Carl J. Schmidt who is also stadium manager. Mr. Schmidt conducts classes in health and in physical education.

Mr. Fred T. Yeager, varsity football coach, junior high school basketball coach, physical education, and health.

Mr. James Clark, varsity basketball coach, reserve football coach, physical education and health.

Mr. Art Reisner, varsity track and cross country coach, and health.

Mr. Anthony Chiodi, varsity baseball coach, assistant varsity football coach, health, and physical education.

Mr. Robert Sarsfield, varsity gym team coach, intra-mural director, health and physical education.

Mr. Roy Lagaly, varsity swimming coach, junior high school track coach, health, and physical education.

Mr. Irvin Kuehn, junior high school football coach, assistant varsity track coach, health, physical education and general science.

Mr. Roy Sommerlad, varsity bowling coach, electric shop.

Mr. Herbert Simpkins, rifle club advisor and rifle team coach, aviation engines.

Mr. Howard Sams, faculty athletic manager.

To work with, the department has as fine an athletic plant as can be found anywhere. Spectator seating capacity is adequate and team rooms are comfortable and well equipped. The stadium is equipped with lights for night games and the track is designed to accommodate numbers which make it adequate for local and district meets. The gymnasium is one of the largest, finest, and most completely equipped in the state. Our swimming pool is the only local pool of standard meet dimensions.

The school boasts a male population of more than 1600 which provides ample manpower from which to draw material for our athletic teams.

CARL J. SCHMIDT
Stadium Manager

The football board of strategy maps its plans

There are some handicaps, however. The co-op program frequently deprives the athletic department of some of our most capable athletes. With the development of the technical program, much of our athletic talent may find it advantageous to select it, thus remaining out of the co-op program. This possibility is purely speculative and must await development to test it for validity.

It can be said, however, that the coaches have reason to look with optimism into the future. With respect to the quality of athletics at Central, one thing seems certain—that Central will figure prominently in the outcome of local athletic competitions.

SEASON'S RECORD

After a splendid showing in the annual Pigskin Preview in which Central tied Western Hills 0-0 and bowed 0-6 to Old Woodward in the two quarters in which we participated, Central took on the Spartans of Roger Bacon and lost 12-6. Co-captain George Meyer scored Central's lone tally to throw a fright into the heavily favored Spartans — Remember? The Spartan scores came in periods three and four while Meyer's marker came in the closing minutes of the game. Date—September 18, Trechter Stadium.

In the second contest, the Knights bowed low to the tough Cavaliers of Purcell High School. The score was 27-0. The game was not as lop-sided as the score would indicate with the Knights offense failing to click in the clutch while the Cavaliers could do no wrong. Edward Potter saw his last service as a stout-hearted Knight—age, you know. Date—September 26, Trechter Stadium.

Our jousting Knights were again spilled from their mustangs when they sustained their third straight loss after traveling to Lima, Ohio to tilt with the heavy Lima South High School eleven. George Meyer again scored Central's only tally, this time in the third period from the four-yard line. George had his troubles that day — remember? A bee flew into his mouth before the game and although George bit, the bee bit first. Result—big tongue. In this contest Blankenship showed

well by turning in several long runs to set up the Central score. Date—October 2, Lima South High Athletic Field.

For the fourth game of the year, our Knights traveled up the Ohio Valley to Portsmouth where the mighty Denizens of Troy downed our lancers in a 32-6 rout. It was a real contest except for that nightmarish second quarter when the sky fell in on our boys as the Trojans racked up a neat 25 points. Before the half ended though, faithful George Meyer countered with a TD of his own but the try for point failed and the half ended 25-6. The Knights played heads-up ball in the second half to hold the Men of Troy to a total of 32. Date—October 9, at Portsmouth Stadium.

The Central Knights returned home to take on the Blue Bombers of St. Xavier High School in contest number 5. Woe is us—another loss. This time the score was 13-7. Melvin Lamb scored the Central marker going over from the 4 after a 53-

yard drive had placed it there. Our boys might have had this one but time ran out. Evans was at quarterback and called the plays that scored. Meyer and Leatherwood covered themselves with glory. Central went into this game a slight favorite for the first time this season. But it wasn't our day. Our boys were a little listless. Glory be—the band made its first appearance. Real cool—we'd say. The Cheerleaders came out in their new outfits, too. Scan the clan, kids!—Were they hot! Remember? Date—October 16, Trechter Stadium.

A pass, Evans to Strange, accounted for Central's only score in the 20-6 jolting handed our boys by the Bulldogs of Old Woodward for our sixth straight loss. It was another of those good tight games in which our boys lost by a rather heavy score—a feature which seemed to characterize the season. Sharp quarterbacked while Strange ran at full. Cheering and band play were excellent. Date—October 23, Trechter Stadium.

Glory be! Our Knights must have changed their lances for maces! They clubbed a highly favored Hughes into weak submission to register our first win of the season by a 15-6 score. In the first quarter a bad pass from center gave Central a 2-0 lead which was quickly wiped out by a Hughes touchdown. Meyer plunged over Central's first TD and Dave Tucker intercepted a Big Red Pass and stretched it for 60 yards to score the second. Date—October 29, Trechter Stadium.

The boys changed horses too! In the eighth contest of the season, the underdog Knights clipped the wings of the favored Walnut Hills Eagles 20-13. Touchdowns were by Meyer and Strange with an encore by Strange. The Eagles died hard—remember? They bounced back from a 14-0 score to make it 14-13 at half time. Strange's third period TD eased but did not eliminate the pressure. Date—November 6, Trechter Stadium.

It was a thriller-diller! It couldn't happen to a more deserving set of guys! Again our boys, who were supposed to lie down and play dead, rose up and upset the dope bucket by holding the mighty Maroons of Western Hills to a 13-13 draw. Sam Miller and Nat Strange did the scoring for our Knights to put our boys ahead 13-0 at the half. Our boys lost that zip in the second half and the Maroons tied it up. Even so, there was good news that night. Sam Miller was the standout performer for the Knights. Date—November 13, Trechter Stadium.

Although downed by a 15-6 score in their final game with the Withrow Tigers, our boys ended the year in second place in P. H. S. L. standings since Hughes and Withrow tied for the number one spot. Meyer scored Central's only TD on a 63-yard gallop. The season's record was 2 wins, 7 losses, and 1 tie with all wins coming from P. H. S. L. competition.

Despite the many losses, it was a good season and a good team. Breaks lost some games for us and made some scores a little one-sided. But we can, with justification, hail that first season as one to remember.

Clarence Leatherwood made the all-city first team and was nominated lineman of the year in the *Enquirer* poll. George Meyer made the second team and Chris Jacobson had honorable mention.

RESERVE TEAM

Central's Squires played a total of six contests losing 2, tying 1, and winning 3. The Knights' apprentices downed Western Hills Reserves 18-0, Withrow Reserves 7-0, and the Old Woodward Bull Pups 12-7 while tying with New Woodward 6-6 and losing 25-0 to Hughes in the opener and 7-6 to Walnut Hills two weeks later. Coach Jim Clark has graduated a number of very capable reserves to next year's varsity to supplement the 10 lettermen returning to that squad.

FRESHMAN TEAM

Central's freshmen compiled a very excellent record after dropping their opener 19-13 to Western Hills High School frosh. The boys then went on to win their next six contests without another point being scored against them. The boys racked up such scores as 35-0 against Walnut Hills, and 25-0 against New Woodward. The neophytes went on to down Hughes 7-0, Withrow 20-0, Porter Hays 27-0, and Old Woodward 28-0. It was indeed a successful year for Coach Kuehn and his charges and one that perhaps casts the shadow of things to come.

Forsooth! methinks our Knights rode forth to slay too big a dragon in this 1953-54 season of jousting by putting the ball in the basket. Let's face it—we were shellacked but good in a number of contests and held our own in too few others. Yet we cannot in any sense of justice criticize our boys who really did very well under the circumstances. Our gymnasium was not ready for occupancy until February 5, about midway through the season.

Head Coach Jim Clark and his charges were buffeted from pillar to post throughout the practice season, practicing on whatever floor was available, and until our own gym was finished, had no regular place of practice nor home in which to play host to visiting teams. This unsatisfactory condition cost the team much practice time and undoubtedly threw them weeks behind other schools. After the gymnasium became regularly available, the boys did demonstrate a measure of success.

Even in defeat our boys showed streaks of "having it." In the opener with Purcell, which we lost 63-36, it was a 12-12 first quarter and 26-22 halftime score. One of the highlights of the year was our 40-36 overtime victory over Old Woodward on their home court.

In summary, our boys won 5 and lost 13. Double wins over Old Woodward and New Woodward made it possible for our boys to finish fifth in a field of

seven competitors in the P. H. S. L. In the District Tournament, we had the misfortune to draw Purcell, one of the toughest teams in the district, which meant certain elimination in the first round.

While prospects for next year are much brighter than for this year, Knight hoopsters seem several years away from becoming a real competitor in the cage sport.

Of course, the real thrill of the season was the opening of the new gym. With a seating capacity of 3,000, the new gym gives Central the most elaborate gym facilities of any high school in the city. For the first time in the history of vocational education will the vocational students have athletic facilities comparable to other high schools in the city.

High scorers for the Knights were Gerbus and Garnett, each ending the season with a total of 183 points. Owens finished with 153 while Dumler had 122.

RESERVE TEAM

Central's Squires found the going very rough this year and were only able to rack up 1 win in 17 starts. The Hughes Reserves were the only outfit to bow down to our boys. Schmidt, Tierney, Lynch, Walsh, Shea, Collet, Sharp, Reynolds, Artist, Steidel, Collins and Baker were letter winners on the reserve squad.

The team lacked experience and unfortunately had very little opportunities to play together early in the year to remedy the situation. The boys really played hard but were unable to overcome their tremendous handicap. Coach Jim Clark is hopeful, however, that another year will see a marked improvement in his boys now that they have a floor and can get the much needed practice they were unable to get this past season.

JUNIOR HIGH TEAM

The Central's junior high basketball team, although they did not get organized until February had a very successful season nevertheless. Although the boys won only two contests out of the seven they played, each contest was a battle clear down to the wire. Undoubtedly, the boys would have made a much better record had they been able to go into training in late November instead of in February.

Lettermen were Waldo, Massengale, B. Springs, Thomas, K. Carpenter, Clark, Green, Hughes, and Hunt. Coach Fred Yeager's boys were instilled with the fighting heart and the boys give promise of better things in basketball for Central.

Head Coach Art Reisner

Over 70 varsity and junior high boys reported for track making it the largest squad ever to represent the sport at Central. In spite of this, however, only three lettermen from Central Vocational reported. They were Captain George Ewing, middle distance runner, a junior, and Herman Blankenship and Ralph Carpenter, a junior and a sophomore respectively, polevaulters. Also in the squad were Joe Uhlig and Leonard Chasteen, distance men from the cross country team.

The squad, new, young, and inexperienced, were further handicapped by the fact that the track was in such poor condition it required rebuilding. Early practice was taken in the halls, gym, and around the driveways with no opportunity being provided the field men to get into shape.

At the present time, it is not known if those meets scheduled for Central's track can be held here. In all probability they will have to be transferred to one of the other Public High School tracks.

Coach Reisner reports that his squad has not been properly tested in suitable events and that up to the time of this article, it has been impossible to assign men to their proper event. Mr. Reisner, however, did state that the following appeared likely to earn a place on the team: Alley, Peyton, Kautz, Cook, Luh, Amens, Kearns, Delaney, McWilliams, Guttadauro, Richmond, Teeters, Saulters, Lynch, Rutemueller, D. Tucker, and Howell. Several other youngsters also show promise of coming forward but need a little aging to bring them out.

Mr. Reisner is assisted in coaching the track team by Irvin Kuehn who will coach the shot and discus and Roy Lagaly who will coach the high jump and broad jump.

Junior tracksters showing promise are Brown, Taylor, Walton, L. Thomas, McDaniels, and Hacker.

It is generally a spirited squad which lacks only experience to become a real winning outfit.

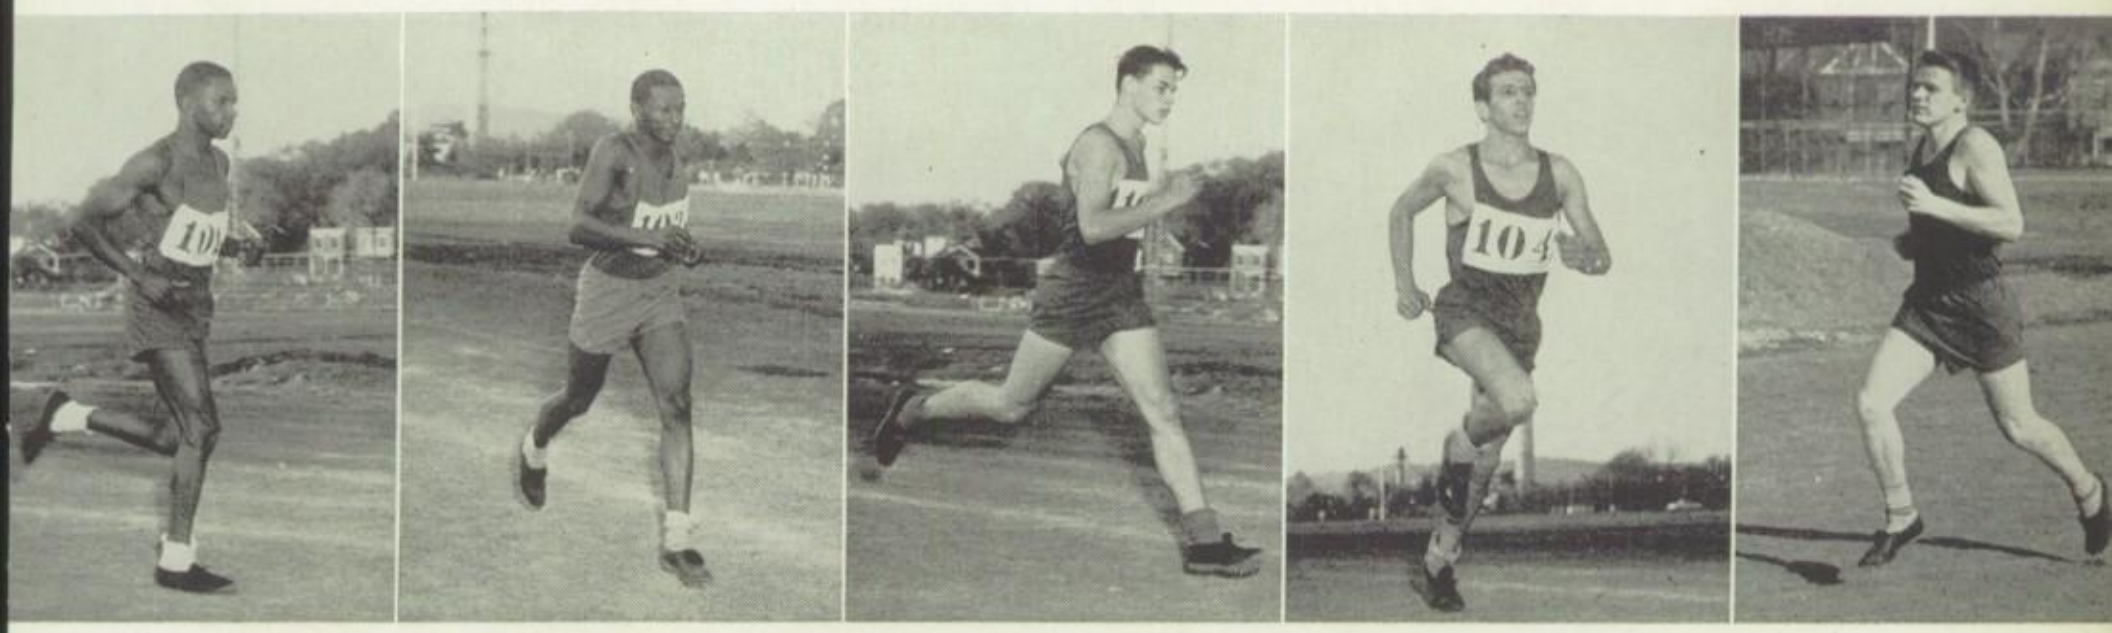
CROSS COUNTRY TEAM

CHARLES COLE | GEORGE EWING | LEONARD CHASTEEN | JOE UHLIG | DALE VANCE



The 1953 cross country team compiled a very creditable record to give Central High School an auspicious start in this sport. Although Coach Art Reisner had only a small squad of mostly young inexperienced runners, he brought them along slowly enough to build strength but still rapidly enough to win a district championship. The boys could do no better than a strong second in each of the three regular city meets resulting in clinching second position in the city behind the strong Hughes High School who finished with three firsts. But our boys went on to finish the local season in a blaze of glory by pulling down a tie for the district championship with this same Hughes High School.

The District win sent our boys up to Columbus where they finished sixth in the State Championship Cross Country Meet, a feat of no mean significance when you consider the quality of the opposition which gathers for this annual event.

Here is the record of the scoring in the District Meet: 1. Central, 53; 2. Hughes, 53, (Tie); 3. Norwood, 95; 4. Purcell, 116; 5. Hanover, 130; 6. Western Hills, 139; 7. New Woodward, 152; 8. Withrow, 175; 9. Old Woodward, 215.

In the District Meet, Cole of Central finished first with Ewing finishing 2nd, Uhlig was 4th, Vance 20th, and Chasteen 26th. Incidentally, this is the team of five starters who finished sixth at state. The boys knew they had a job and stayed in all the way giving a very splendid performance.

The City Meets were interesting affairs even though our boys furnished Hughes their only opposition. The events are a splendid proving ground for the District Meet which follows. Here are the results:

Team	*First Meet*	*Second Meet*	*Third Meet*	*Totals*
Hughes	35	37	35	107
Central	37	40	37	114
Western Hills	94	87	92	273
New Woodward	107	87	115	309
Withrow	113	146	131	390
Old Woodward	139	134	147	420
Walnut Hills	181	193	150	524

Varsity Lettermen are: Captain Charles Cole, George Ewing, Joe Uhlig, Dale Vance, Leonard Chasteen (all receiving championship letters, and a regular varsity letter to Claude Garnett).

Reserve Letters went to Kenneth Kloth, Ralph Carpenter, Walter Tucker, Larry Keller, and Eugene Fields.

In the City meets, Cole scored three firsts with the following times: 11:21.1; 11:27.5; and 11:11.7. Ewing scored three seconds to give our boys the 1-2 positions in each of the events. Uhlig was fifth in the first meet and third in each of the others. Chasteen finished twelfth, sixteenth, and fifteenth. Garnett ran in the first and second meets with a seventeenth and an eighteenth. Vance took over the fifth position in the third race as he came in sixteenth.

The Central High School Bowling League had a very good season in 1953-1954. The league had 38 members during the season with a varsity team of 10 members. Games were regularly bowled at Hardesty's Alleys on Colerain Avenue. The season was 20 weeks in length during which time an average of 15 bowlers rolled each week. Averages over the 20 week season were from a top of 158 to a low of 120.

The varsity placed fourth in the Public High School Bowling League with 12 wins and 18 losses. Art Follmer rolled the high single game and the high three games of the league.

Starkey, Collett, Schmidt, and Toler before game

Baseball Coach Anthony Chiodi reported that for this year, all that can be hoped for is that the team will hold its own, winning a game here and there to make our competition realize we are in the race. Plagued by a shortage of seasoned hurlers and a lack of experience in almost every other department, the theme of this year's coaching efforts is "build for the future." Only seven experienced men have returned from Central Vocational's last year's squad. They are George Meyer, Joe Spriggs, Bob Pyles, Jim Dumler, Claude Garnett, Lee Finn and Harold Griffin.

Meyers and Spriggs must carry the burden of the pitching assignments with little likelihood of any relief pitching of quality cropping up at this late date. Griffin seems to have a lease on first base and the other infield spots seem safe in the hands of Bob Pyles, Claude Garnett, and Jim Dumler. Garnett has the short field well in hand, and Dumler is strongly entrenched in the hot corner while Bob Pyles is pushed a little by Smith at the keystone sack. The outfield is a little less secure with Lee Finn, centerfielder, being the only letterman in that area. Peterson and Collett have been switching off in right field while Toler seems a fixture in the left pasture. The catching chore is being divided between Evans, a junior, and Sharp, a hot sophomore prospect.

The team doesn't boast of any Babe Ruths but Griffin, Garnett, and Dumler have been regular in collecting base knocks and these, along with several others are capable of sending the ball out of the park on occasion.

The district tournament is scheduled for May 7, 13, and 14. The regional tournament is set for May 21 and 22 and the state tournament is to be played May 28 and 29.

At press time, only four of the scheduled games had been completed. The Norwood game was put in the win column but the boys lost out to Withrow. However, what will probably be the highlight of the season was the no-hitter hurled by pitcher George Meyer in his 14-0 shutout of New Woodward. A quick check indicates that it is possibly the only no-hitter ever hurled by a vocational school pitcher and at least the feat sets a high mark for succeeding Knight chuckers to shoot at and will probably place Meyer among Central's all-time great athletes.

Other games scheduled prior to the New Woodward game and which have not been reported were postponed for play on later dates. The score of the Norwood game was 6-4 while the Withrow contest was lost 16-1. In the Old Woodward contest, Central went down 10-9 in a seesaw contest which saw the lead change a half dozen times.

G Y M T E A M

There is every reason to be proud of our gymnastic team for their outstanding performance this year. Central placed second in all of the six meets that were held locally. In the final meet at the Central Turners Gym, Central again finished second, but a very close second, 43 to 58.5. The team faced numerous obstacles throughout the season. One was the loss of several experienced members and another was the lack of rings and ropes to practice on.

The three top performers were Robert Woody, who is the only senior, and who amassed 39 points; Ralph Carpenter, who built up 38 points; and Captain Herman Blankenship, who totaled 31 points and captured two beautiful all around oscars at the Central Y.M.C.A. meet.

The outstanding boys in each event were: Parallel Bars—Herman Blankenship, Horizontal Bar—Charles Hedges, Side Horse—Ted Knippenberg, Long Horse—Ralph Carpenter, Rings—Robert Woody, Rope Climb—Walter Tucker, and Tumbling—Ralph Carpenter.

During the halves of basketball games the gym team put on two exhibitions that were greeted with much enthusiastic applause.

There is every indication that we will have a strong team next year. Robert Woody, who is a senior, will be our only loss from next year's team.

Hughes High School was the only team able to defeat the aggressive Knights. The closest contest was the All Around Meet, February 17, when Hughes led 757.15 to our 736.30.

LETTER MEN: Herman Blankenship, Captain; Ralph Carpenter, Robert Woody, Robert Saulters, Charles Hedges, Charles Knippenberg, Carl Teeters, Joe Broadus, Walter Tucker, Larry Keller.

Central's first varsity swimming team wound up in sixth place in the P. H. S. L. swimming competition, a series of three meets, held in Central's fine pool. As expected, the heavily favored Walnut Hills aggregation finished way out in front with Old Woodward bringing up the rear. Here is how they finished: (1) Walnut Hills, 244; (2) Withrow, 141½; (3) New Woodward, 44; (4) Hughes, 30; (5) Western Hills, 22; (6) Central, 20; (7) Old Woodward, 8.

Point scorers for Central were Joe Henry who racked up 8 points, Roy Huemmer, diving and medley relay specialist, Jerry Messner, George Helmer, Clarence Meyer, Ray Heim, Cliff Orme, and Larry Langhorst.

The junior swimmers finished fourth in their league behind Withrow, Walnut Hills, and Hughes in that order. John Deininger was outstanding for the Squires scoring a first and two seconds in diving. In junior competition our medley relay surprised everyone by breaking the city record of 1:41.2. The boys were Jack Warndorf, backstroke; John York, breaststroke; and Ray Phillips, freestyle.

Milton Gaskins, Joe Goyette, Ronald Cint, Jerry Weimer, Larry Dick, Charles Meyer, and Rodger Bohsancurt were also point scorers.

Swimming team members are: Ray Heim, Joseph Henry, George Helmer, Larry Langhorst, John Deininger, Larry Dick, Ray Phillips, Milton Gaskins, Joe Goyette, Jack Warndorf, Ronald Cint, Charles Meyer, Jerry Weimer, Bill Meyer, Jerry Messner, Clifford Orme, Clarence Meyer, Jackie Baird, Jerry Dickerson, Roy Huemmer, and Rodger Bohsancurt.

PHYSICAL EDUCATION

The aim of our physical education program is many fold. In addition to the physical development of the individual, the program is designed to strengthen the moral character of the individual, to provide an outlet for competitive urges through intramural or intramural competition, to engender a knowledge of the requirements, to maintain physical fitness, to teach the wholesome use of leisure time, and to provide ample opportunity to participate as a spectator.

The health classes are so closely tied in with the physical education program that they may be considered one. In this aspect of the program, wholesome living habits are stressed, diet and nutrition are discussed, students are made cognizant of health agencies, a knowledge of mental hygiene is imparted, the importance of getting along with

one's associates is made clear, and preparation for marriage and responsible citizenship are specifically treated. The program also teaches Red Cross Life Saving techniques on both the junior and the senior level.

Although this program is paralleled for both boys and girls, the remainder of this statement will apply specifically to the boys since this phase of the girls' program is treated elsewhere. The program provides for class instruction in minor games, volley ball, swimming, funda-

mentals of various competitive sports, tumbling and apparatus work, calisthenics, track and field events, soft ball and others. As the program develops the interest and ability in these sports, intramural competition is provided through round robin tournaments in such sports as basketball, soft ball, track and field, horse shoes, table tennis, badminton, archery, bowling, paddle tennis, ariel dart and several others. The program is designed to touch every boy in school by providing a wide range of selectivity. It is not expected that every boy will participate in every sport but that each person has an outlet for physical acivity is evident by the breadth of the program.

GIRLS' ATHLETIC ASSOCIATION

Ready for the tournament

The Girls' Athletic Association is an organization for promoting girl's athletics. Every girl is eligible for membership and may participate in as many activities of the intramural program as she desires. The activities offered are numerous and varied permitting a wide range of selection from the more vigorous sports such as basketball and hockey to the milder forms of athletics such as ping pong and archery.

The program is being directed by the girls phys-ed department which includes Mrs. Roberta Stagge, Mrs. Edna Rehkamp, Mrs. Bea Jacobson, and Mrs. Olga Hedrick. In addition to participation in a sports program, the G.A.A. sponsors other types of activity such as modern dancing, tap dancing, and social

dancing. Square dancing will also be added to the list of activities.

In the activity program the girls are given an opportunity to learn new skills through participating and officiating in the activities, to develop an appreciation for sports and games, and to grow in ability, character, and sportsmanlike conduct. The G.A.A. represents Central in the interscholastic playdays held each sports season for the girls in the Cincinnati Public Schools. Awards are given to each girl according to the amount of participation.

take its place here in future years as one of the leading feminine sports.

Basketball was practiced by the girls both in the physical education classes and in the after-school program in the build-up for the intramural tournament. In the tournament teams were selected in a way which divided the skill fairly evenly throughout the competition. From this tournament evolved the three teams which later represented Central in the city-wide G.A.A. playday at Walnut Hills and Withrow. In this event Central's teams won 3, lost 2, and tied one for a very creditable first year showing.

Softball was the most popular team sport among the girls at Central this year. The intramural tournament found approximately ninety girls participating,

making the competition very keen. Lunken Airport Playfield was the scene of the Spring Sports Day climaxing the softball season. This is one of the major sports for which credit is given towards membership in G.A.A.

Along with softball, archery is one of our favored spring sports in G.A.A. For almost all of the girls this was the first opportunity they have had to try this activity. The girls' upper playfield was the scene of many blistered fingers, black and blue arms, a few bull's-eyes, and much fun as the girls learned a new skill in sports. There were two tournaments, one using balloons attached to the targets to be broken and scored according to the number broken, the other, a regulation tournament of 36 arrows shot at varying distances. In each tournament winners and runners-up were selected as those who achieved the highest total score.

With the opening of Central's beautiful pool, swimming enthusiasm was at its peak. G.A.A. swimming was held Mondays and Thursdays after school where many girls came to practice and improve their aquatic ability. The most experienced swimmers were selected to represent Central in the Senior Girls City Swimming Meet which was held this year at Central. Although our team finished last, much experience was gained and those who participated were congratulated for their efforts. Swimming will continue to be an ever-popular activity with the anticipation of a water show in the future. Plans for swimming also include a Red Cross Life-Saving and water-safety course.

Stunts and tumbling are a part of the regular physical education program. Strength, ability, and coordination are among the special abilities required to accomplish the many feats included in this ac-

tivity. This phase of the total program is not included in the extra-curricular G.A.A. program.

Individual sports have become in demand and a program featuring this type of activity is being developed. Badminton and table tennis are two of the sports giving greatest oportunity for expressing this need. Large numbers of persons have enrolled in the

tournaments sponsored by the G.A.A. including singles, doubles, and mixed doubles in each sport.

Accurate figures concerning the number of individuals who have participated in G.A.A. sports is impossible to obtain at this time. However, a conservative estimate would place the figure at somewhere between 250 and 300 different individuals taking part in the program with the number of individual entries being many times that number.

The G.A.A. plans to sponsor student-parents banquet which is to be the culmination of the year's activities at which time awards will be given to members meeting G.A.A. point requirements.

The value of riding as an extra curricular activity is well set forth in the following statement by a noted authority.

"Nothing can be of greater benefit to the physical, intellectual, and moral development of boys and girls than systematic horseback riding. Patience, courage, and self-control are required of all who would successfully handle spirited horses. In training highly bred saddle horses to steadiness and instant obedience, the riders are training themselves in attributes which will be of value throughout life."

The purpose of the Riding Club at Central is to give the students the opportunity of becoming acquainted with this most enjoyable and healthful of sports, a sport they can enjoy the rest of their lives.

Audio-Visual Aids are an important part of our school curriculum. Mechanically they may consist of any of the following: sound and silent movies, slide and strip films, opaque projection, sound recordings, and reproducing equipment. It is a generally accepted fact that in certain teaching situations audio-visual aids are the means by which material can be presented to a class with greater ease, with more economy of time, and with a higher degree of efficiency than can be achieved through traditional classroom procedure.

For the most part, material and mechanical equipment used in audio-visual instructions are expensive, and in some instances delicate to handle. Therefore great care and a degree of skill should be acquired by those who are responsible for its use.

Members of the audio-visual aids club received instruction in the care and operation of the various types of equipment. Another responsibility which the members assume is the care and operation of the new arc machine in the projection booth above the school auditorium.

V. I. C. CLUB

Delores Smith, Joe Gerbus, Dolores Kuper, Dick Henderson, Marjorie Lay, Betty Roberts.

The Vocational Industrial Club, a state-wide organization with 37 chapters in Ohio, has been represented in Cincinnati for three years by the chapter at Central Vocational High School. When the group transferred to the new Central, its membership jumped from 123 to 196, by far the largest chapter in Ohio.

The Club's officers are: president, Joe Gerbus; vice presidents, Dolores Kuper and Frank Camarca; secretary, Betty Roberts; sergeant at arms, Richard Henderson; reporter, Delores Smith; and photographer, Bill Storey.

Mr. Eugene E. Hart, faculty sponsor for three years, has also served as state sponsor for the same length of time. The co-sponsors are Mrs. Velma Kamphaus, Mr. Clifford E. Vath, and Mr. Roy Sommerlad.

For social and recreational activities, the V. I. C. holds square dances, skating parties, a spring picnic, a sweetheart dance with election of V. I. C. queen, hayrides, swimming parties at the Y.M.C.A., and attendance at a Cleveland "Indians" baseball game. One of the highlights of the year is the V. I. C. sponsored employee-employer banquet.

Some of the fund-raising activities of the organization are the sale of popcorn at football games, candy sales, collection and sale of scrap metal and paper, sale of pencils listing sport schedules, and public bake sales.

The chapter donates the profit from the candy sales to the "March of Dimes." They sponsored clean-up paint-up week in the school, and usher at the school and community activities.

Central chapter has won an award for outstanding work in the past two years. First the silver award (second place) and this past year the gold award for first place.

Membership in the V. I. C. is open to junior and senior members of vocational high schools.

JUNIOR RED CROSS

The Junior Red Cross Council members for Central in 1953-1954 were Carolyn Poole, Carol Pennington, Alfreda Proffitt, Bill Story, Jerry Farrington, and Ed Meyer.

During the year the Junior Red Cross members from various junior and senior high schools enjoyed meetings held at the Chapter House. At these meetings there was usually a speaker who gave a very worthwhile address. The students worked at filling gift boxes, making holiday decorations and favors, and collecting donations to use for material for production articles for homes and hospitals. Leadership training for student members was stressed; their help was useful in shipping gift boxes, chests, correspondence albums, and production articles that were made by the Junior Red Cross members.

We also enjoyed very much the tours that we took to Longview State Hospital, the Veteran's Hospital, Dunham Tubercular Hospital, and other homes and institutions in and around the Greater Cincinnati area.

The Junior Red Cross Council at Central wishes to thank those people who helped fill the 30 gift boxes we sent from our school.

Many projects were entered into by the students from East. Among these were the making of flags, pajamas, bed jackets, bed slippers, hospital bed bags, and knitted afghans for distribution by the parent organization.

STUDENT PLANNING GROUP

The Student Planning Committee for Central High School, organized in February, 1953, was composed of four students and faculty members from each of the four schools now comprising Central. The primary purpose of this committee was to make suggestions and take action aimed toward easing the transition for students coming to New Central.

During the spring of 1953, the Student Planning Committee was instrumental in conducting an election in the four schools resulting in the selection of Central's colors, rings, pins, crest, and banner.

In the beginning of the present school year, the committee devoted its time and energies to formulate plans which were adopted for the formulation of the Student Assembly and a Student Council.

All work of the committee was conducted under supervision of Miss Selma Dublin, Mr. August Franecki, Mr. James O'Hara, Mr. John Roman, and Mr. Ora E. Smith. The group devoted much time and effort into the work it undertook and merits considerable praise and commendation on their accomplishments.

YOUTH FOR CHRIST

Y. F. C. is an international organization with chapters in 36 different states and three different countries. We feel proud that it was organized in our first year here at Central. Membership in the organization is open to all interested students here at Central High School. Meetings are held weekly in the Lecture Room and special meetings may be called at the discretion of the president. In the regular meetings, regular devotional period is observed with Biblical subjects as the text. Prayer meetings are held each Monday, Wednesday, and Friday that morning school is in session at 8:00 to 8:15.

Special outside speakers are often invited in from time to time. Teachers are urged to come. Once a month Y. F. C. participates in a Bible Quiz against the other schools' Y. F. C. clubs. They have planned such activities as hayrides, wiener roasts, picnics, socials, skating parties, movies, etc. The theme of the club is "Let no man despise thy youth, but be thou an example of the believer": I Timothy 4:12. The colors are red and yellow. Mr. James Mussman is the faculty advisor. Some of the group's most regular attendants are: Norma Carr, President; Ann Keeton, Vice President; Minnie Lou Combs, Secretary-Treasurer; Delores Mervin, Publicity Chairman; Pat Hoff, Theda Hughes, Shirley Hess, Pat Harrell, Earl Hensley, Don Peyton, Judy Elsener, Maurine Phillips, and Delores Burns.

ANNUAL REPRESENTATIVES

One group of students which, although not united into a formal organization, performs a very real service to the school is the home room representatives. It is the duty of these individuals to handle the business of the home room in school-wide matters pertaining to the annual. These people take orders, collect monies, make reports, attend meetings and generally serve their home room. They are associated with the business department of the annual and report directly to Mr. Siegel or his staff. The service performed by these individuals is vital and merits recognition.

ANNUAL REPRESENTATIVES Jackie Baldrick, Raymond Bauer, Robert Merritt, Bernard Olding, Alexander Ford, Tom Alford, Robert Watkins, Ralph Primeau, Arthur Bradford, Elmer Schultz, Thomas Frank, David Shea, Jack Woodruff, Lee Hackner, Shirley Clevenger, Jerry Makin, Kenneth Luxenberger, Ronald Barrington, Barbara Mitchell, Robert Bailey, Grottfried Laux, Ruth Martin, Shirley Docter, Mary Sapp, Janet Kolde, Jack Adamson, Ralph Morgan, Roberta Klenk, Mary Blair, Ronald Luh, Virginia Spears, Pat Dunlevy, Shirley Maddux, Tom Kendall, Ross Hattendorf, Bill Powell, Art Follmer, Joyce Waller, Betty Williams, Don Miller, Delores Scheidt, Mary Lou Frank, Jane Kissinger, Barbara Nelson, Pearl Parker, Anna Diggs, Jerry Bryant, Mildred White, Queen Esther Dukes, Jacqueline King, Sanford Cohn, Gloria Miller, Phyllis Creech, Helen Doctor, Phyllis Withrow, Sonya Harp, Virginia Marshall, Christine Pappashales, Juanita Jackson, Stanley Shropshire, Adell Anderson, M. AERO-RADIO CLUB

One of the first scientific groups to become established at Central is the Aero-Radio Club. Members of the group, in addition to the being provided with an interesting hobby, are given the opportunity to prepare for the Radio Operators License Examinations. In addition to the fine 500 watt radio station (W8RNS) maintained and operated by the group at Central High School, the club has a Cessna Airplane housed in the hangers of Lunken Airport. The group boasts 59 members at the present time.

One task the group has been assigned is to have its members prepare themselves as operators of Civil Defense Emergency Stations. Many of the boys who have received their radio operators licenses own and operate ham stations in their homes.

Mr. Frank M. Fairchild, trustee of the club, is also faculty advisor. The membership includes the following juniors and seniors: Donald Burcham, Clarence Davis, James Gibson, Richard Greer, Harold Griffin, Jerry Johnson, William Webb, Bernie Westendorf, Tom Backscheider, Virgil Campbell, Danny Collins, Birdie Deadwiler, William A. Doyle, George W. Hankerson, Raymond Hemmer, Frederick W. Connelly, Jerald Gratch, Raymond A. Heim, Charles W. Heinlein, David R. Hyder, Harold Kennebruew, Jerry J. Kuehne, Roy Lane, Jr., Charles Sneed, Lemuel A. Taylor, Christopher Andrews, Loyd Bogan, Walter Cargile, Richard Elkins, Herbert Shavers, Robert E. Stanchfield, Robert A. Wheeldon, Jack Tomas, Art Rogers, Ronald Braunstein, Ronald Shannon.

ALPHA CHI GAMMA

Alpha Chi Gamma is Central's most prominent girl's social group, an organization which promotes friendship, and encourages girls to attend school activities, and serve Central in any way that it can. There are now 21 members. One must have average grades and be a good school citizen to become a member.

After a girl is asked to join, she is invited to two teas. There are no blackballs. The fun starts when initiation rolls around, in which each girl is given certain tasks to perform. Candlelight service is the next step after initiation before one becomes a full-fledged member.

The society's flower is a white carnation; the colors are black and gold.

Meetings are held every other week in one of the girl's homes. After the meeting the girls dance and refreshments are served.

Some of the activities of Alpha Chi Gamma were dances, candy sales, parties, hayrides, boat rides, and decorating the main hall of Central at Christmas time.

Officers are: Sandra Fogel—President, Betty Jo Peterson—Vice President, Shirley Irvin—Secretary, Sue Ann McMillan—Treasurer, Maurine Phillips—Sergeant at Arms, Alvina Allgeyer—Chaplain, Barbara Wright—Corresponding Secretary.

Members: Adele Anderson, Mary Lou Schriewer, Bobbie Jean Rinear, Shirley Hess, Mary Castleberry, Janice Dale, Barbara McBride, JoAnn Proffitt, Ruth Anderson, Pat Hill.

Advisor: Miss Margaret Ohanion.

ALPHA MU SIGMA

Alpha Mu Sigma is a social organization originated here at Central by a group of Automotive students. The club is open to students from all departments and has set a requirement of high scholastic standing and proof of sterling citizenship before accepting new members into their midst.

The organization has dedicated itself to the preservation of the physical plant by keeping a constant stream of reminders before the student body as to what is needed to keep our building and building site in apple pie order. Members must maintain their high scholastic standing and must devote a part of their time to the promotion of the projects of the group. It is the largest and most active group of its kind here at Central and the boys are determined to retain that position. Only juniors and seniors are eligible for membership thus giving the prospective members ample time to prove their qualifications.

The adviser for the group is Mr. Andrew F. French, automotive instructor. Meetings are held in homes of members at bi-monthly intervals on Mondays.

Officers are: Andy Stefanopoulos, President; Dick Brackett, Vice-President; Ted Knippenberg, Secretary; Jim Jordan, Treasurer; Nick Schnatz, Sergeant-at-Arms.

Members are: Jack Augsback, Frank Brinckman, Leonard Chasteen, Joe Coyle, Mike Coyle, Richard Elkins, Duane Ferguson, Edward Frost, Chuck Hedges, Ben Horton, Tom Huesman, Chris Jacobsen, Wade Johnson, Fred Jones, John Lyons, Ray Lynch, Frank Mazzei.

PI CHI

Pi Chi is a social club composed of girls from the tenth to the twelfth grade. There are fourteen charter members. All of these girls must have at least a C average in all their studies and their social standing must be good.

This is the first year of Pi Chi here at Central and although newly organized they have mapped a course of activities which includes such things as supporting school projects, entering into school activities, and setting examples of meritorious conduct. Good citizenship and personal charm are stressed as models of conduct.

In addition, the group plans to enter into various types of projects for the needy groups outside the school.

The colors of the club are powder blue and black. The rose has been selected as the club flower and the pearl as the stone.

Mrs. Jacobson, Physical Education teacher, is the sponsor. She is also in charge of the cheerleaders, majorettes and the dancing classes.

The group meets each Sunday afternoon and occasionally on week days after school.

Members of the organization are: Alfreda Proffitt, Janet Abbott, Marlene Norris, Jackie Iames, Arlene Burck, Janet Kolde, Juanita Largen, Sue Rose, Pat Gibbs, Jeanine Brockhuis, Nancy Bolton, Arlene Lawing, Dixie Woulms.

ART SOCIETY

Doris Poteet presents latest Art Society acquisition to Mr. Tower, Mr. Wagner, faculty sponsor, and other club officers stand by.

The Art Society, a development of Central Vocational School, was founded in May, 1943. The purpose of the organization was to beautify the walls of Central with pictures, statuary, fountains, or other works of art suitable for the purpose.

Some of the finer selections secured by the group include such oils as "Pounding Surf" by Pye; "Our City" by Muerer; "The Moat" by Langley; and "Daffodils" by an unknown. These pictures and many others, some originals, some copies, grace the walls of the new Central for the pleasure of students and faculty alike.

A very fine bronze statue, entitled "Virtues Civicae Ense Et Labare" by F. Picault, was purchased by the group and now reposes in the Library. This piece won a blue ribbon in a Parisian art exhibit. The group's most recent acquisitions are "Sails at Sunset" and "Beech Wood" by Darver.

The Society now hopes to extend its beautifying operations to the gardens and other points. Such operations, however, would depend upon the adoption of a landscape plan for the grounds.

ART SOCIETY

Art Society Room Representatives are: Jim Daniels, Al Schwendeman, Ronnie Armstrong, Bill Miller, Robert Derby, John Deininger, Richard Foertsch, Charles Frederick, Harold Minor, Omer Hughes, Beverly Daniel, Kenneth Henn, William Smith, Ronald Ott, Paul Curley, Elizabeth Dooley, Bobby Shirin, Don O'Banion, Ella Williams, Gary Martin, Doris Poteet, President; Ronald Martin, John Baker, Charles Conley, Joann Sexton, Lee Finn, Ervin F. Abundant Opportunities

The Automotive Industry has grown up and is now recognized for what it really is—

A BIG BUSINESS!

This gigantic industry is constantly searching for new personalities—ambitious, inventive and creative young men. It offers a challenge to those willing to grow and stay with it. It is a business rich in opportunities for youth willing to work and to advance through their own efforts.

The fine facilities provided in the Automotive Division of Central High School enables students to enter this fascinating field which offers so many varied jobs in service, sales and merchandising, not only locally, but in every village, hamlet, or city of the land. . . one out of every seven persons employed in the United States is in the automotive business.

We are proud to cooperate in this training by influencing our members to provide equipment and by awarding yearly prizes to three top ranking students of the Automotive Division, based on their standing in Scholarship, Vocational Progress and Character.

First Prize . . . . . $100 Set of Tools
Second Prize . . . . . $ 50 Set of Tools
Third Prize . . . . . $ 25 Set of Tools

This policy on our part will be continued as long as conditions warrant and the interest on the part of the students merits recognition.

Congratulations, Central High School, on a job well done in the past and best wishes for a highly successful future.
